BECAUSE YOU GAVE...

I cannot say thank you enough for the generous gift that you have given me. It means so much to me, and it warms my heart that there are people, such as you, who are willing to give so much to help others. I will never forget this assistance, and I will strive to send kindness to those who come after me as you have done. So once again: thank you very much..

WITH YOUR SUPPORT, I CAN...

This scholarship will provide significant aid in my journey through medical school. We are regularly informed of the normal debt level that students are expected to leave school with, and I am extraordinarily grateful to have those expectations reduced by this aid. Thanks to the financial burden that this helps to relieve, I will be able to focus much more intently on my medical studies without the extraneous stress. I believe this will go a long way in helping me become a better doctor.

WHY I CHOSE TTUHSC...

Choosing to come to TTUHSC was an easy decision for me. During the course of my interviews, there was no school that came even close to making me feel as comfortable and at home. I knew that medical school would be a difficult challenge no matter where I went, and I believed that having that comfort would be the biggest factor in helping me through. I was not disappointed by my initial assessment and have always found the people around me to be exceptionally inviting and helpful through my first year. In the era of cooperative medicine I believe.

BECAUSE YOU GAVE...

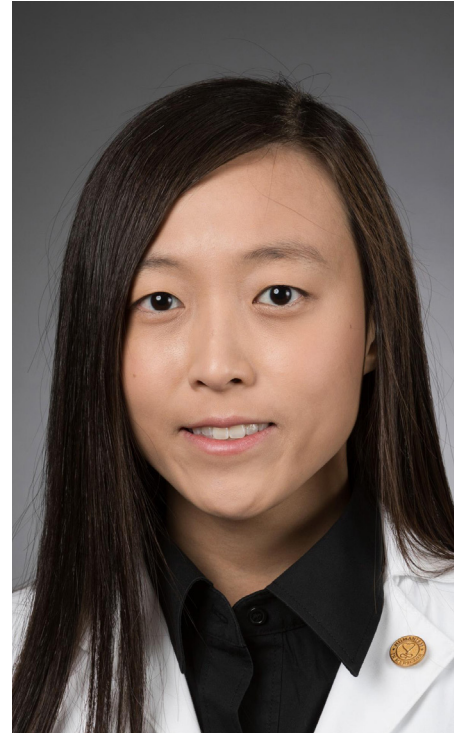

The scholarships will help me with the upcoming exam fees for this school year in addition to the increased living costs of being at the Permian Basin TTUHSC campus. It is more expensive to live here as opposed to the other campuses, and your support is invaluable to me and my educational goals.

WITH YOUR SUPPORT, I CAN...

Thank you so much for your gift toward my education. I hope to, upon completing my training, give back to the community as you have to me through both service and support for future students. Education and living costs increased for my third year of medical school, and any amount of help was valuable in relieving financial stressors during this year. I cannot thank you enough for your support.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the warm and welcoming environment shared with me during the interviews. In particular, the students at the school seemed happy and described their relationships with one another as collaborative and friendly as opposed to competitive. I felt the environment would help foster kindness in addition to being a strong learning environment.

BECAUSE YOU GAVE...

Thank you very much for your generosity. Your contributions will go a long way in helping me turn a lifelong dream into reality.

WITH YOUR SUPPORT, I CAN...

This scholarship will help offset the cost of living in the Permian Basin and allow me to keep my loan balance as low as possible.

WHY I CHOSE TTUHSC...

I did not expect TTUHSC to be my first choice, having come from a different state with no knowledge of or connections in West Texas; but when I came for my interview, I immediately fell in love with the culture and the people I met. Everyone at the school seemed genuinely happy despite the stressors in their lives and seemed to be truly excited about being there. I think that is something really special to be a part of, and I am glad each day that I made the right choice in coming here.

DIANA MITCHELL

Texas Tech University Health Sciences Center
School of Medicine

BECAUSE YOU GAVE...

Thank you so much for your generosity. Without this scholarship, living in the Permian Basin would be very stressful financially. If I hadn't known that students receive a scholarship each year, I don't know if I would have petitioned to school to transfer my clinical years from Lubbock to the Permian Basin. This scholarship will allow me to continue focusing on my education and serving the community of the Permian Basin, and for that I am extremely grateful.

WITH YOUR SUPPORT, I CAN...

As I am in the Permian Basin for my clinical years, the cost of living is very high here. This scholarship will help offset the cost of living, and allow me to continue focusing on my education without the stress of worrying how I will pay for my living expenses over the next semester. It will also allow me to travel home to Utah to visit my family for Thanksgiving and Christmas break.

WHY I CHOSE TTUHSC...

When I interviewed here, it was one of the friendliest schools I had visited. And after completing all of my medical school interviews, I felt that the students at TTUHSC were the happiest that I had met. I wanted to go to school where I knew I would receive a good education, but also where I would find joy in the long hours of studying. Additionally, the tuition at TTUHSC was very reasonable. On my interview day, the school informed me that I would receive a scholarship allowing me to pay in state tuition. With the financial assistance considered, it
