

# MARCUS GONZALEZ

Texas Tech University Health Sciences Center  
School of Medicine

## BECAUSE YOU GAVE...

Thank you for your overwhelming generosity. I appreciate your investment in me and my medical education. I hope to make your investment worthwhile by serving my future patients to the best of my ability. I plan to pay it forward to a future medical student when I have the means to do so.

## WITH YOUR SUPPORT, I CAN...

This scholarship will lessen the financial burden associated with attending medical school. As a first-generation college student, figuring out how to finance my education has always been a challenge. Unfortunately, my family does not have the means to assist me, so I rely heavily on scholarships and loans. This aid will be of great help to me.

## WHY I CHOSE TTUHSC...

I chose TTUHSC because of the culture associated with the school. Everyone I met was more than friendly and seemed to genuinely love what they were doing. Additionally, the two physicians that my family has seen throughout my lifetime are Red Raider doctors. They are invested in the health and well-being of their patients and seem to sincerely care for those they serve. I knew that was the type of doctor I wanted to be, so I knew that TTUHSC was the place for me.

## BECAUSE YOU GAVE...

Thank you so much for your trust and investment in me. I will not misuse this gift and will strive to excel academically in my studies and research. I will give back to the community through working at the Free Clinic and participating in other volunteering opportunities. I am humbled and grateful for this scholarship.

## WITH YOUR SUPPORT, I CAN...

This scholarship will help me financially afford my medical school activities. As a result of this aid, I can spend more time doing research and volunteering at the Free Clinic, instead of spending free moments working a part-time job to support my education. This is a very important scholarship to me, and I am very grateful.

## WHY I CHOSE TTUHSC...

TTUHSC's mission regarding improving patient care and satisfaction is what brought me to the school. The emphasis on and commitment to patients reminds me of why I began my journey in medicine: to serve others. TTUHSC's values align with mine, and I know I am being provided with the skills and knowledge to become a pioneering physician.
