WHY I CHOSE TTUHSC...

I chose TTUHSC due to the the extremely welcoming environment I experienced throughout interview day. It was apparent that the faculty was very receptive of student input and recommendations. The faculty seemed as though it was not only trying to make medical a great educational experience for it's students, but also a very memorable experience. It really did feel like everyone treated each other like family and that was ultimately the deciding factor as to why I chose TTUHSC.
