

MONICA GUERRERO
School of Nursing

BECAUSE YOU GAVE...

I truly appreciate the scholarship funds and want to express my gratitude for this opportunity. My goals are to be a role model for other women and Hispanics in my community that have financial hardship and feel like they cannot pursue a higher education. I want to be a resource and leader in my community to engage low-income families in their healthcare.

WITH YOUR SUPPORT, I CAN...

This scholarship fund will assist my financial burdens during my enrollment in the graduate nursing school at TTUHSC. The money will be used to assist with my living expenses since I have had to cut back my work hours due to clinical rotation requirements in the program. In the upcoming semesters, I will have to stop working completely to meet the clinical rotation needs so I am very grateful for the scholarship support.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the exceptional standards and academic regard. My associates in nursing is from a community college but I earned my bachelors from TTUHSC. I had such a great experience with the online learning program and with the exceptional knowledge by the professors that I chose to pursue my master's at TTUHSC as well.

School of Nursing

BECAUSE YOU GAVE...

I would like to thank you for your generosity. I am a first-generation college student and the very first nurse in my family. My grandma was a midwife in the 1900s in Mexico and has inspired me to continue my education for nurse practitioner at TTUHSC. I will use the education obtained from this scholarship to advance my education and focus my services by giving back to my community. Thank you for helping me make my dreams come true!

WITH YOUR SUPPORT, I CAN...

This scholarship will help decrease my financial burden as I continue my education for my RN-BSN at TTUHSC. This scholarship will assist me in paying my fall tuition, since I only qualify for a limited amount of student loans. I am really grateful for this scholarship. Thank you for selecting me as a recipient and helping me continue my education

WHY I CHOSE TTUHSC...

This university was originally referred to me by a coworker who obtained her RN-BSN at TTUHSC. My coworker shared her great experience with me and encouraged me to research the School of Nursing. Upon doing my research and looking further into the program I understood what a great opportunity this would be for my future. When I spoke to an advisor, they made it known how much they guide and help students become successful in the program all while working and managing a family. I am so happy to be a student at TTUHSC.

MADELINE CRAIG
School of Nursing

BECAUSE YOU GAVE...

Thank you for making this scholarship possible! As a student that is always looking to gain more knowledge, this scholarship means everything! It means that I can apply it to further my career with resources that I did not have before. I plan on becoming an RN, and later FNP, that works in rural areas and smaller cities, such as Abilene. I cannot wait to begin my journey to helping the populations that need more healthcare workers and resources and start using the quality education that I've received through the TTUHSC. Thank You!

WITH YOUR SUPPORT, I CAN...

This scholarship will help me in obtaining resources that were required for nursing school. I will now be able to buy necessary online study materials and scrubs for the upcoming semester. This scholarship will also allow me to prepare for the rest of my schooling and keep my place of residence in Abilene. I plan to use the remaining funds to prepare for the NCLEX whether that is in study materials or outside help such as tutoring.

WHY I CHOSE TTUHSC...

I chose TTUHSC because it has always felt like home! No matter how many campuses I had visited, the TTUHSC campus made me feel welcome, proud, and inspired to learn more. TTUHSC is special to me because it makes me feel that I am part of something bigger than myself and will always be a place I can return to. My education at TTUHSC is preparing me to be the best version of a nurse I can be and I look forward to making this school proud.
