

YOUR *life* • OUR PURPOSE

ELLEN STUART
School of Nursing

BECAUSE YOU GAVE...

As a student in the COVID-19 era, I know how important the healthcare field is to society in general. I will say that being remote has been difficult at times, but it has made me more focused on the importance of nursing the needs of the patient. I am so thankful for the scholarship you are giving me because it will allow me to further my goal of being a nurse. It is my plan to further my career to become a nurse practitioner and I know that my education at TTUHSC will prepare my career in nursing.

WITH YOUR SUPPORT, I CAN...

I have been living at home for the entirety of my schooling and I am looking forward to moving into an apartment with my sister and best friend for my last year of college. I think that the experience will help me to become better equipped to be on my own after I graduate. Your scholarship will help me to be able to dedicate myself to my studies but not have to work so many hours.

WHY I CHOSE TTUHSC...

I have been a resident of Lubbock/Wolfforth area my entire life. I have looked forward to attending TTU and TTUHSC because I have many family members and friends who are graduates of Tech. I love the tradition and excellent education that are part of the system. I know the Health Science center is the best education I could have as a future nurse. When I found out that I had been accepted to TTUHSC, it was the happiest day of my life!

CLAIRE KIM
School of Nursing

BECAUSE YOU GAVE...

I want to say thank you for your support and generosity. With your support, I can concentrate my time more on studying and study hard to achieve my professional goal. Upon completing RN-BSN, I plan to apply MSN- family of nurse practitioner program, which I hope to start in Fall 2022. I want to work with a vulnerable population who need help and support to improve their health and wellbeing. It award means a lot to me that people help others achieve an individual's dream. One day I will help others to achieve their dreams.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me pay my education expense that relieves my financial burden. It will allow me to focus more on studying to achieve my academic and personal goals. With your financial support, I will make my dream come true: to provide care for vulnerable populations to maintain and improve their quality of life.

WHY I CHOSE TTUHSC...

I found that the TTUHSC is known for providing innovative educational pathways and having outstanding faculty for students to meet educational needs. I have met someone who graduated from the TTUHSC school of nursing at the workplace, and I could see she was proud of herself as an alumna of the TTUHSC. I chose the TTUHSC to advance my nursing education to provide high-quality care with evidence-based practice to impact the families and communities on health outcomes positively.
