BECAUSE YOU GAVE...

By awarding me this scholarship you have helped to reduce my financial hardship which allows me to spend more time on my studies. Coming from a single mother college has always been very important to me and the financial aspect has always been difficult as my mother is unable to help me pay for college. Your generosity is an inspiration to me and has helped to relieve a large burden off me and allows me to focus more on school instead of working long hours to pay for school. I could not be more thankful for what you have done.

WITH YOUR SUPPORT, I CAN...

I will be using these scholarship funds to purchase my textbooks as well as national memberships dues. By doing this I will have the opportunity to build upon my professional resume as a Family Nurse Practitioner. I am currently working as a part time RN while working towards my Masters of Science in Nursing. By doing this I can ensure that I am not only studying to pass an exam but to be able to treat my future patients with the most up to date knowledge and treatments. During

WHY I CHOSE TTUHSC...

TTUHSC has always stood out to me since I was in high school debating on where I wanted to go to college. Being a first generation student I was very eager to learn and better myself with an education along with bringing back my knowledge to under served communities in Lubbock. TTUHSC offers opportunities to better ones self professionally through all of the programs and resources the school provides to each and every student. I feel ready to take on a new role and career with the education provided to me from TTUHSC.

BECAUSE YOU GAVE...

I am so thankful to be awarded this scholarship because it not only helps relieve a financial burden, but it also allows me to be able to continue my education here at the TTUHSC. As a future nurse, I hope to make a positive impact on my patients and become an inspiration to those who need it the most. I will use this scholarship to help pay for my next two semesters and after graduation, I will uphold the values of TTUHSC and instill that into my day-to-day life when I become a nurse.

WITH YOUR SUPPORT, I CAN...

Before starting nursing school, my mother had lost her job and she was unsure how she was going to support us financially both in our home and for my school as well. By being awarded this scholarship, I will now be able to pay for my next two semesters here at the School of Nursing. This aid will allow me to finish out my education here and push me to work hard to further pursue my education at the TTUHSC to obtain a master's degree.

WHY I CHOSE TTUHSC...

From the moment I stepped onto the campus, I felt at home. After doing much research over the nursing program, I was intrigued by all of the hands-on experience that the nursing students get as well as the high NCLEX passing rate. I knew that I wanted to go to a school where I was going to be successful and where I knew that I would grow as a person. TTUHSC is very special to me because they have prepared me to conquer anything that the real world will throw at me and I cannot wait to graduate from here.
