BECAUSE YOU GAVE...

I attempted to get into medical school two times. I did not get in. I became very disheartened and my confidence took a tremendous blow. I then became a nurse via the TTUHSC SON's second degree program. I gained confidence. I have gained many many skills in a relatively short time as a nurse. I was scared to start the FNP program. How would I do it? Who would take me seriously? The doubts began mounting up. I then recalled my clinical coordinator, Irene. It's in me! TTUHSC just helps pull it out. I will do this, and excel!

WITH YOUR SUPPORT, I CAN...

I am now able to do more clinical days and not have to worry about using PTO. I am also excited to begin a review program in order to better prepare me for boards. This in and of itself is a tremendous burden off my mind and allows me to fully focus.

WHY I CHOSE TTUHSC...

I have long desired to be a TTUHSC healthcare provider. I graduated from the second degree BSN program and knew immediately that I was going to become a nurse practitioner from TTUHSC. The knowledge I gained was because of the integrity and wisdom that comes from TTUHSC year after year. I have even been a preceptor to second degree nursing students, and again the high skill and knowledge set is there. I love this organization.

School of Nursing

BECAUSE YOU GAVE...

I strive to do the best I can in school in order to learn as much as possible that way I can better serve my patients. This scholarship will allow me to focus on my studies instead of the financial strain that graduate school provides. I am getting closer to achieving my goal of being an acute care nurse practitioner and this scholarship will help me on that road.

WITH YOUR SUPPORT, I CAN...

The scholarship funds will help in purchasing books and other necessities for the Acute care program. These funds will also go towards a portion of my tuition and decrease the amount that comes from my pocket, this will help relieve the financial burden that tuition and books provide while in graduate school. Thank you again for consideration and choosing me as the recipient.

WHY I CHOSE TTUHSC...

I chose TTUHSC for the people and the instructors, I did my undergraduate studies at Texas Tech and received my bachelors in nursing from TTUHSC. The TTUHSC has outstanding instructors that care about the growth and development of its students. I grew up in Lubbock and it has always been a dream of mine to receive a degree from TTUHSC!

School of Nursing

BECAUSE YOU GAVE...

Thank you so much for making this scholarship possible and choosing me to be a recipient. I am so excited to continue my career caring for children and their families in a new role that I can make a greater impact in. A child's physical and emotional health is so important in laying the foundation for the rest of their lives and it's amazing to be a part of that.

WITH YOUR SUPPORT, I CAN...

With these scholarship funds, I will be able to take time off from my full time job in order to focus more on my studies and clinical hours. Working full-time as a registered nurse while completing clinical hours and studying for boards can be difficult to tackle. Thank you for allowing me to focus more on completing my master's program.

WHY I CHOSE TTUHSC...

I chose TTUHSC due to being a life-long Red Raider. I was born and raised in Lubbock and knew as a child that I wanted to attend TTUHSC. I am so proud to have a Bachelor's degree and a soon to be Master's degree from the school I love the most. TTUHSC has a deep appreciation for the Lubbock community and it shows in the way that they prepare their students to care for others.

BECAUSE YOU GAVE...

Thank you so much for your generosity and for making this scholarship possible. I fell in love with nursing because it aligned with my values and my life-long pursuit of being able to help others. After working in critical care and my brother's diagnosis with a mental illness, I saw the importance of quality mental health care. With this scholarship, I can continue pursuing my goal of helping those struggling with mental health conditions and giving those individuals and families a better chance of a healthy, successful life.

WITH YOUR SUPPORT, I CAN...

As an immigrant to this country, I always knew education was the path to a better life. However, I also learned very early that the responsibility of financing my education would fall on my shoulders. Receiving this aid allows me to be a better student and one day a better health care provider by reducing my workload and financial burdens.

WHY I CHOSE TTUHSC...

I always heard in conversation that TTUHSC had a good nursing program, but I didn't truly understand what that meant as a young college student. Luckily, I received solid advice and began my educational pursuits at TTUHSC to become a nurse. It was during this time that TTUHSC stood out as a leader in the community. TTUHSC focuses on providing exceptional service to its students and providing the best quality healthcare system to the West Texas area. This was one of the many reasons I choose TTUHSC again to advance my nursing career.
