

YOUR *life* • OUR PURPOSE

JASMINE HAMILTON

School of Nursing

BECAUSE YOU GAVE...

Your scholarship has opened a door and the prospect of a brighter future and will play a key role in shaping me into a successful person in the future. I want to extend my gratitude for this generous contribution to my educational success. In the future, I hope to help students achieve their goals just as you have helped me. I am deeply appreciative of your support. Thank you again for your thoughtful and generous gift.

WITH YOUR SUPPORT, I CAN...

My friends and family provide a major emotional support system. However, I will need more support with financial challenges. Due to my previous degree, I am limited in the amount of aid that can be awarded. As a student, I will be unable to work during the duration of the program. This scholarship will allow me to pay for my tuition and continue with my education.

WHY I CHOSE TTUHSC...

I applied to TTUHSC because it is one of the top schools in Texas. When speaking with previous students, they felt well-equipped and prepared to begin working as a nurse upon graduation. I wanted to learn from the best and join a community that is compassionate about its students. I really like the educational model of a retention counselor and yearly coaches to help students succeed.

JACQUELINE SWINEY
School of Nursing

BECAUSE YOU GAVE...

Thank you so much for this very generous gift, it is making 2020 a whole lot easier! Upon graduation from TTUHSC, I hope to work for a specialty pediatric clinic at my current hospital in Fort Worth, Cook Children's Medical Center. I love caring for the pediatric population and I hope to inspire some young patients to seek after a career in the medical field to help those in need.

WITH YOUR SUPPORT, I CAN...

I will use this scholarship to repay our savings account that I borrowed from to purchase textbooks. Some of the scholarship may also go towards purchasing diapers for my 2 month old baby boy, Isaac. Becoming a new mother during grad school has been challenging but this is a huge weight lifted.

WHY I CHOSE TTUHSC...

When searching for graduate programs in Texas and seeking advice from coworkers everyone told me that TTUHSC was the superior program and that obtaining my degree from TTUHSC would make me a highly desired candidate for nurse practitioner jobs. I am currently in my fourth semester at TTUHSC and I believe my coworkers were correct!
