

# YOUR *life* • OUR PURPOSE

**KARSEN SUTTERFIELD**  
School of Nursing

## BECAUSE YOU GAVE...

Thank you to you and the scholarship committee for providing opportunities that give financial stability for nursing students who aspire to perform at the highest level. My goal is to return to the NICU, as a nurse rather than a parent. Through my experiences with my daughter has motivated me. This scholarship is an opportunity for me to give back to my community as a nurse passionate about her profession and means that TTUHSC actively sets up their students to succeed.

## WITH YOUR SUPPORT, I CAN...

This scholarship will be used specifically to pay off my tuition balance, among other recurring expenses that would be much more difficult to pay if not for this opportunity. Being able to consistently pay these expenses without being able to work, as I am a full time student and mother, helps make my dreams of becoming an RN far more exciting, and not as financially binding once I actually enter my career and begin paying student loans.

## WHY I CHOSE TTUHSC...

When deciding which nursing school would help me excel in my career, TTUHSC's reputation for producing top tier nurses, and the fact that my sister went through the program before me. With the NCLEX being the final step towards becoming a certified RN, this program's remarkable passing rate was another vital part of my decision. The realistic atmosphere of the SIM center/ the amount of relevant information I obtained there was what stood out to me. The quality of this school in all aspects has prepared me for what's ultimately special to me, assisting people at the highest level.
