BECAUSE YOU GAVE...

I want to express my sincere gratitude for making this prestigious award possible. With this help and generosity, you have facilitated me to focus on my studies in order to become the most successful, and educated nurse I can be. You might think this pandemic has been tough as student nurses- it has. As students, we're willing to cross this bridge and many more to show our full potential as nurses. This scholarship not only alleviates financial burdens, but also shows the support of the community to the healthcare profession. And for this, I thank you.

WITH YOUR SUPPORT, I CAN...

My goal is to receive the best education that will prepare me in difficult situations I find myself facing in the hospital setting. This scholarship has facilitated me to focus on school without having to worry about the day-to-day expenses. With this being said, these funds will go towards housing, food, transportation, along with other monthly bills.

WHY I CHOSE TTUHSC...

I have seen multiple success stories from TTUHSC alumni- this is what first caught my attention. Now, as a level four student, I have personally seen the dedication the professors have to their students. It's truly unmatched. It's no surprise that TTUHSC has educated some of the best nurses in the field.

BECAUSE YOU GAVE...

I am beyond thankful and honored to have been selected for this investment. I will use my nursing degree and skills to give back to the community and the ones in need to promote health. I also plan on traveling around the world providing my skills at no cost. That has always been a dream of mine that I will one day experience. This investment won't stop with me, but only grow and flourish with my patients and community. Thank you for trusting in me and my future aspirations.

WITH YOUR SUPPORT, I CAN...

I am a first generation Texas resident pursuing higher education in nursing. When it comes to my education I have a grounded support system, but when it comes to funding my education I take the responsibility. This scholarship will help me tremendously to fund my tuition debt, school supplies, and other expenses I have while being unemployed for nursing school. It will also take one less worry off my shoulders and allow me to achieve my academic goals freely. Lastly, it will give me a bigger opportunity to focus on my courses and class work.

WHY I CHOSE TTUHSC...

TTUHSC School of Nursing provided the best of the best opportunity for me to achieve my goal of becoming a nurse. It had the state of the art educational facilities, amazing hands on stimulation centers, and many networking resources to expand my skills/education. Then the cost of this institution was reasonable for their high standards of academia. Lastly, the location was close to home here in Odessa Texas, allowing me to be with family and friends.
