BECAUSE YOU GAVE...

Your investments and contributions to our prestigious programs at TTUHSC are allowing the future medical professions to achieve their dreams to help people. Your donation towards my education means the world to me. It shows that I have someone who believes in me and this will allow me to pursue my goals without the financial burden of attending such a prestigious program like TTUHSC. I will take my nursing to Medical Center hospital to treat and heal the members of my community and eventually pursue a career as a CRNA.

WITH YOUR SUPPORT, I CAN...

This scholarship will lessen the financial burden of nursing school at TTUHSC and allow me to focus on studying to graduate this December. I will now be able to pay off loans that I have accumulated during nursing school and help my parents pay bills. Also, knowing that someone believes in me enough to offer a scholarship means a lot to me, it shows that I have the ability to succeed.

WHY I CHOSE TTUHSC...

While completing my prerequisites for nursing, I was interested in attending UTPB until I met with my counselor and told me about TTUHSC. I didn't pay attention to it because I thought the campus was in Lubbock and didn't want to leave my hometown of Odessa. He told me that the campus was located here in Odessa and the school was one of the top nursing schools in Texas. I always want to be apart of the best and that why I chose to attend TTUHSC SON.
