BECAUSE YOU GAVE...

I cannot thank you enough for making scholarships possible for the students here at TTUHSC. Some of us during this journey this school year have run into some extremely hard battles that would be impossible to overcome later without scholarships right now making this educational journey a little less financially straining. Without scholarships some would have to choose which was more important financially, school and education, or trying to figure out how to pay student loans and medical bills on one income later. Thank you so much!!!!

WITH YOUR SUPPORT, I CAN...

With this scholarship, I will be putting it aside to help me pay off my student loans when I am finished with school. Receiving this scholarship allows me to save extra money while I am in school that I will be able to use later after I graduate to put towards my student loans. If I was not awarded this scholarship I would have to wait longer, and save for a longer amount of time in order to pay off the same amount.

WHY I CHOSE TTUHSC...

I have a love for medicine and plenty of background in human and animal medicine. So when the opportunity came and I was able to make the jump to go back to school for my second bachelors degree I took it!! This will allow me to take better care of and understand exactly what is going on with my husband as well who was recently diagnosed with Leukemia.
