## BECAUSE YOU GAVE...

Thank you very much for your kind generosity. This is my second program here at TTUHSC, and I have experienced the most supportive staff and am very grateful. I hope that after I graduate, I can not only be a preceptor to future Nurse Practitioners, but can also help financially as well. Again, thank you.

## WITH YOUR SUPPORT, I CAN...

I am a full-time student, as well as ICU Charge nurse, whose husband is also in full time school as well. These funds will help with the gas and other utilities as our hours are cut short due to school. This could not have come at a more convenient time. Thank you again.

## WHY I CHOSE TTUHSC...

I graduated from TTUHSC in December of 2018 with my BSN. Afterwards, I searched and spoke with many students and coworkers about their NP programs. Although many of them attend other universities, I liked the BSN program here at TTUHSC. I was accepted into 2 programs, but after attending the orientation this past December, I knew in my heart this was where God wanted me to be.

#### **BECAUSE YOU GAVE...**

This scholarship will allow me to further expand and review my knowledge for boards. After all, I cannot be a successful student without passing the boards! This gift couldn't have come at a better time. I am doing clinicals 5 days per week, and working every weekend (Saturday, and Sunday) in order to graduate on time given the road blocks this pandemic has caused. I want to graduate now, more than ever, and will do whatever it takes to make that happen. Now, I can go into graduation at ease knowing my board review is taken care of.

#### **WITH YOUR SUPPORT, I CAN...**

With the scholarship money I have received, I will utilize these funds towards the Barkley Review Course costs, as well as purchasing a new computer to allow my future education. My computer was purchased in 2013, and I have been making it work for school the best way possible. Any money that is leftover will be financial assistance towards joining organizations such as the Society for Critical Care Medicine, and the Acute Nurse Practitioner's organization.

#### **WHY I CHOSE TTUHSC...**

I attended TTUHSC for my Bachelor of Science in Nursing. The school atmosphere, as well as the staff, captivated me, and the minute I graduated, I planned on coming back to explore and expand my knowledge in our graduate program. The school as not only generated a top student, but has also taught life-lessons of improving myself as a person of society along the way. The school cares about their students, and their well-being, and watching them succeed.

## BECAUSE YOU GAVE...

Thank you so much for choosing me to win this generous scholarship. I hope to finish my education and make the best out of my career field and specialize in either trauma or cardiac intensive care units. I want to aide a smaller community and provide for the more rural populations. I hope to be a proficient, thorough, and revered provider.

## WITH YOUR SUPPORT, I CAN...

This scholarship will allow me to work less hours. Working I was doing 14-16 12 hour shifts a month. Ill be able to cut those hours and still be able to support my family and household. This will in turn assist me in producing better grades and gained knowledge to help me not only in the upcoming boards but also my future career.

## WHY I CHOSE TTUHSC...

TTUHSC has always been on the top of my lists of universities to attend. I grew up a Red Raider fan watching football and basketball. While I did not make it for my undergraduate degree I knew I would get to make it one day. Then I decided to return for my MSN and knew I had to try to TTUHSC.
