School of Nursing

BECAUSE YOU GAVE...

I would like to extend my sincere thanks to you. To be blatantly honest, I nearly dropped out of school a year ago. In an horrible turn of events, I lost my husband and my son and felt absolutely lost and devastated. I couldn't even begin to think of how to go on- but every day I got up, I did my homework, I went to work, I put one foot in front of the other. While I wish they could see me receive my diploma, I know they are so proud that I continued on.

WITH YOUR SUPPORT, I CAN...

I have been wanting to take a Barkley course review to prepare me for my AGACNP Board Certification. With this scholarship, I will now be able to afford not only the online course review, but also be able to take a trip for an in-person review! This is an exciting thing that I never dreamed that I would be able to do!

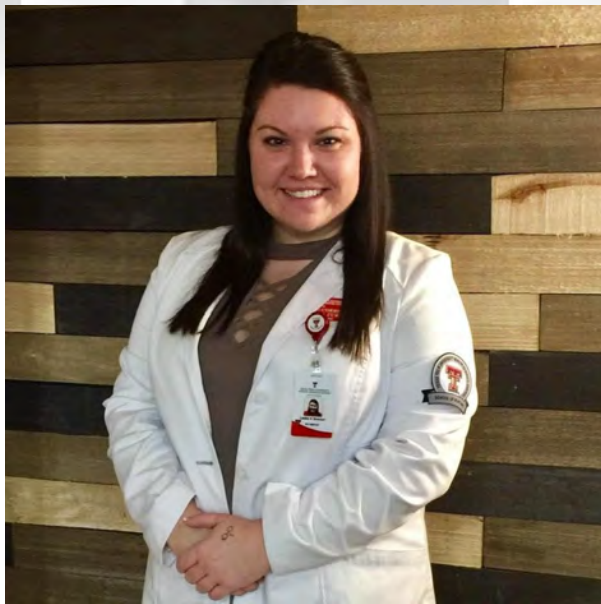

WHY I CHOSE TTUHSC...

I have been working with TTUHSC doctors here in El Paso, Texas. I was impressed with the quality of providers who have arrived here at this new hospital to work. I determined that I wanted to further my education and I wanted my degree to come from the same university. For this reason, I chose TTUHSC to pursue my AGACNP degree at. I feel that I am receiving a quality education and am thankful for the opportunity to be a student at TTUHSC.

LESLIE CORBELL
School of Nursing

BECAUSE YOU GAVE...

I would like to sincerely thank you for your continued generosity over the years and for supporting students in furthering their education. Without generous individuals like you, many students would be very limited in their educational growth. It is my intent to contribute to the TTUHSC in order to support funding for student scholarships in the future. I am eternally grateful that you have eased a burden on my family in my last term of graduate school.

WITH YOUR SUPPORT, I CAN...

This scholarship will allow me to spend more time studying in preparation for my board exam instead of wasting valuable study hours by working overtime to make ends meet. Until this term I have had to work overtime every week in order to cover tuition and expenses. With your contribution, I no longer have to work overtime and feel like a huge burden has been lifted.

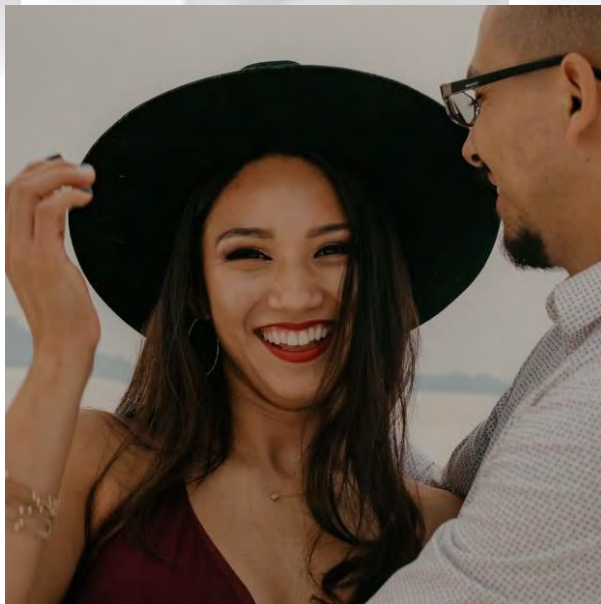

WHY I CHOSE TTUHSC...

I am a BSN alumni of TTUHSC SON. I first chose the school those many years ago because it is a well-known brick-and-mortar school with an established nursing school and a pristine reputation across the country and in Texas. I did not even consider other schools for my MSN for those same reasons; it was TTUHSC or nothing! I also chose the school in order to better compete in a very saturated nurse practitioner job market. Now, I am completing the Adult-Gerontology Acute Care Nurse Practitioner program to graduate in May 2021.

VIRIDIANA ARELLANO
School of Nursing

BECAUSE YOU GAVE...

I am truly honored to receive this scholarship. I will continue to make proud of all those who support me and believe in my educational endeavors. These educational endeavors are portals to achieving high standards of health care. I will continue to be the best I can be to achieve a healthcare system that promotes continued educational growth of our interdisciplinary teams, ultimately providing high-quality care and integration of mental, physical, and spiritual well-being.

WITH YOUR SUPPORT, I CAN...

With this scholarship, I now have the ability to continue my education with adequate resources. I will finally be able to buy an iPad that will allow me to take my kindle books and study on the go, without the need of taking my laptop. I will also be able to buy a desk as a personal workspace for my online schooling. This is such exciting news!

WHY I CHOSE TTUHSC...

I was inspired and encouraged by a good friend who at the time was a TTUHSC student. He always spoke about the power of advancing education and making a real difference as a nurse. He believed I had the ability to make that change. Although I have not had the wonderful opportunity to visit the TTUHSC campus due to COVID-19, my friend spoke highly of the leadership and academic strengths of the campus. It made me believe I have the ability to become a strong leader and use my education for a brighter future in our healthcare.

AMALIA DONGO
School of Nursing

BECAUSE YOU GAVE...

I am the daughter of immigrants who came to this country so that my siblings and I could pursue all of the opportunities and education that we wanted. My parents were proud of me when I obtained my BSN; they are ecstatic now that I am pursuing my MSN and DNP shortly after. I want to thank you for your generous gift. Not only are you helping my goals come true, but my parent's as well.

WITH YOUR SUPPORT, I CAN...

This scholarship will lessen the financial burden as I pursue an AGACNP MSN at TTUHSC. Apart from being a full-time graduate student, I am also a full-time ICU nurse. This scholarship will allow to work less extra shifts and focus more on my studies. I am very grateful to be selected as a scholarship recipient and will use its entirety to pay for my tuition.

WHY I CHOSE TTUHSC...

When preparing to apply I asked fellow coworkers who are also pursuing their MSNs about the programs they were in. Without a doubt TTUHSC stuck out the most. They all stated that despite it being online, they had been able to create relationships with fellow students and faculty. Moreover, the faculty truly cared and tried their best to make each class feel as if it were on-campus. I believe that TTUHSC was the best choice for my professional development and future career.

KAYLEE BROWNING
School of Nursing

BECAUSE YOU GAVE...

I love volunteering and being active in my community. While being in graduate school and working full time, it is difficult to give back but I budget time because I love it. I am currently a volunteer, educational facilitator, and committee member with Therapet, a local animal assisted therapy organization. Therapet uses animals to bring health, hope, and healing to patients, students, and community members through volunteers and their personal pets. When I graduate school, I will be debt free thanks to this generous gift, therefore, my husband and I can pursue our dream of giving fiscally, in addition to

WITH YOUR SUPPORT, I CAN...

These scholarship funds will go directly towards my graduate tuition. During my undergraduate education, I was forced to take out student loans due to a less than privileged upbringing. Two years ago, I paid off all of my student loans with hard work and discipline. Thanks to this generous gift, I am able to avoid loans to advance my career and I remain debt free.

WHY I CHOSE TTUHSC...

I am a very competitive person and I take pride in my work and effort. TTUHSC was my first choice when applying for graduate school. Why? When I considered going to graduate school, I asked coworkers where they applied and where they got in. TTUHSC was among the hardest to get into, therefore, that is where I wanted to be accepted. Once I researched the program, I knew it would not only be a healthy challenge for me, but it would be an excellent program to attend and be an alumni of.

JULIA FERNANDEZ
School of Nursing

BECAUSE YOU GAVE...

I was close to withdrawing from school due to the Covid 19 crisis. My work hours were reduced, and I was not going to be able to pay the full tuition out-of-pocket. Thanks to your generosity, I was able to afford my tuition payment and continue my graduate studies. The future is unknown at this time, but for now I will continue to focus on my studies and pray for the best.

WITH YOUR SUPPORT, I CAN...

Like most graduate students, I am a parent, work full-time, and pursuing my degree all at the same time. I am paying my tuition out-of-pocket to avoid student loan debt. This scholarship makes it possible to afford paying for tuition out-of-pocket. It also allows me to set money aside for next semester's tuition.

WHY I CHOSE TTUHSC...

TTUHSC has one of the best AGACNP programs in the country, and for that reason I chose to attend there. I received multiple offers from other universities, but they do not match up to TTUHSC quality. I plan to serve my community as a NP after graduation, and I feel I owe it to my community to receive the best education and training possible. Many of my fellow coworkers attended the same program, and are some of the best NP in the city.
