

YOUR *life* • OUR PURPOSE

CHRISTOPHER YANEZA
School of Nursing

BECAUSE YOU GAVE...

I want to send my most sincere thank you for providing not just myself, but my family in assisting us with my personal dream as a registered nurse. My goals include becoming a critical care nurse in the DFW area where I can give the utmost, holistic care. This award will reflect the way I nurse to patients and potentially teach other students that even though they feel alone, many people want them to be successful and will provide compassion for those achieving their goals and dreams.

WITH YOUR SUPPORT, I CAN...

With this scholarship fund, I will be able to decrease the risk of financial stress towards my tuition. This provides me with relief to focus on my clinical experiences and less hours at my additional job as a cheerleading coach. This will always relieve my family's stress to focus on other payments that need to be paid for.

WHY I CHOSE TTUHSC...

I chose TTUHSC School of Nursing because had heard about the amazing atmosphere and learning opportunities my friends that had gone through the program. TTUHSC has prepared my critical thinking for the success of real life nursing. The compassion that the staff has for the success of the students has made nursing school less stressful. Their leadership and character has relieved my stress and focusing on the learning aspect rather than grades.
