BECAUSE YOU GAVE...

Since I was a little girl, I have always wanted to pursue a career in field where I could make a difference. Near the end of highschool, I felt a strong calling to the nursing field. I was so excited upon my acceptance to the Texas Tech University Health Science Center school of nursing. Thank you so much for this scholarship, and allowing me to pursue this dream. I plan to get my BSN, and continue my education. I want to eventually work as a nurse practitioner, and maybe do some research in the medical

WITH YOUR SUPPORT, I CAN...

I plan to put this scholarship money towards my apartment rent. I had to take out a bunch of loans this year, and this scholarship will help me achieve my goal of becoming a nurse. Putting this money towards rent will allow me to stay in Lubbock to pursue my dream.

WHY I CHOSE TTUHSC...

My brother is a year older than me (pictured with me) and decided to attend TTU. I visited him, and fell in love with TTU. After reading about the nursing school, I couldn't resist applying. The Sim Center really stood out to me when I visited TTUHSC. I am so glad I made the choice to come here.

BECAUSE YOU GAVE...

Thank you for making this scholarship possible for me. I am in my last semester of nursing school, and these funds are allowing me to finish strong and not have to worry as much about the financial aspect of pursuing education. These funds are allowing me to go to nursing school which, in turn, will allow me to serve the community of Lubbock.

WITH YOUR SUPPORT, I CAN...

I will specifically utilize these funds to offset the cost of tuition and help pay for the books I need for classes. Both tuition and books are expensive, but with the help of these funds, affording these expenses will be much easier. Though I believe nursing school is well worth the price, these funds make my plan of becoming a nurse much easier.

WHY I CHOSE TTUHSC...

I chose TTUHSC because the nursing school is highly renowned. I have spoken to many healthcare professionals who highly esteem graduates from TTUHSC, and I wanted to take part in this legacy. I also am from Lubbock, and I feel like going to TTUHSC and participating in clinical activities allows me to be involved in helping the community in which I have spent most of my life.
