

Texas Tech University Health Sciences Center
School of Nursing

Please accept my sincerest thanks for your generosity and kindness. Thank you for selecting me for this scholarship and for assisting with the financial aspect of my education. I look forward to utilizing my education in the Lubbock area and serving our community.

This scholarship will help me by allowing me to focus on my studies and application of what I'm learning and less on the financial aspect of my education.

I chose TTUHSC because of the stellar reputation of the nursing school and the ability to complete the program online while working full time.
