BECAUSE YOU GAVE...

Thank you so much for your generosity that has made this award possible. I am so grateful and cannot adequately express how honored I am to have been selected for this scholarship from so many other highly competitive nursing students. I hope to one day make a difference in the lives of others, just as you have certainly made a difference in mine.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me achieve my goals throughout nursing school without worrying about the considerable financial burden accompanied with college. This award has assured me that I can make a difference in the nursing field and achieve success in the future, regardless of obstacles that I may face.

WHY I CHOSE TTUHSC...

I attended Texas Tech University for my prerequisite courses and as cliché as it sounds, I fell in love with the environment, the people, and the education that I received. This made the transition to TTUHSC seem like the obvious choice to continue my nursing career, and I am so glad that I did. TTUHSC has given me the opportunity to succeed, as well as occasionally fail, in a safe environment in order to learn the most I can to prepare for my future career as a nurse.

BECAUSE YOU GAVE...

I would like to sincerely thank you for supporting me as I work to achieve my goal of becoming a registered nurse in the ICU and ER. Your contribution will affect the lives of those I will one day serve, and I promise to pay your kindness forward.

WITH YOUR SUPPORT, I CAN...

I fractured my spine in an accident in March, and my family is currently paying my medical bills. These costs, in addition to the expense of nursing school, create a significant strain. This scholarship helps to relieve the financial burden of my education as I recover from my accident.

WHY I CHOSE TTUHSC...

I noticed TTUHSC had a very high NCLEX pass rate and an amazing simulation program. When I attended orientation, I really liked how welcoming and supporting all the faculty were. I felt like TTUHSC School of Nursing provides a great learning environment and really cares about the success of its students.

that, because of the separate entities (and the legislative acts), TTUHSC was not legally bound to coordinate its education with that of TTU and to eventually be independent on administration. The history of the institution is a testament to the resilience and vision of its founders.

handled with the same problem arose to find the best school. It became most obvious that Baylor had the best program for the students.
