BECAUSE YOU GAVE...

I am humbled and grateful to know the generosity of a stranger could afford me the opportunity to pursue my dream of advancing my career, and more importantly, my education. I am inspired by the gesture so much that it will be a top priority of mine to do the same for another student in the future.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me tremendously with the financial aspects of pursuing an advanced degree in nursing. I will be able to work fewer hours in order to pay tuition, and I will be able to focus more on my assignments and schoolwork. I truly am enjoying the curriculum thus far and want to learn as much from my program as possible. My goal is to not just get by but rather to excel to my highest ability. Juggling a full-time job and two kids with full schedules of their own can make it difficult to give the necessary time and attention to my assigned work. By working fewer hours, I can give much more of my attention to the assignments that are designed to prepare me for success.

WHY I CHOSE TTUHSC...

I did significant research before applying to any school. Based on the information I found online and from many experienced nurses (both those who have been in the program and those who have worked with graduates from the program), TTUHSC has the best reputation for preparing nurse practitioners. I wanted to be sure the degree I earn carries its weight and I graduate as prepared as I possibly can be. I am very proud I was accepted into this program, and I'm proud to be a Red Raider!
