

YOUR *life* • OUR PURPOSE

ABDUL RASHID NUR

Jerry H. Hodge School of Pharmacy

BECAUSE YOU GAVE...

I am sincerely grateful to be able to receive this scholarship. It means so much to me that I am being given the chance to further my career and help me become a better person and professional. I came into pharmacy school without having much experience compared to others which makes me more grateful that I am given this opportunity. My current goal is to be able to choose what field of pharmacy I want to be in as I am currently exploring my options.

WITH YOUR SUPPORT, I CAN...

Receiving this scholarship allows me focus more on my education without having to worry about whether or not I can afford my necessities. I will use the funds from this scholarship to purchase items, such as groceries and food. Also, the funds from this scholarship will be used to pay for items like my electricity or internet bill.

WHY I CHOSE TTUHSC...

Out of all the pharmacy schools in Texas, TTUHSC was my first choice regarding the school I wanted to attend to pursue pharmacy. One of the reasons is that I went to Texas Tech for my undergraduate studies and that I lived in Lubbock. Another reason is that I found their curriculum appealing. I liked that it was focused on letting students gain experience and work in the different fields of pharmacy. It also helps that the staff and faculty are focused on making students feel like they are part of a family.
