BECAUSE YOU GAVE...

Simply saying "thank you" for a scholarship seems so small. Due to the COVID-19 pandemic, my fiancé and I have had to put some life plans, dreams even, on hold due to our finances being much tighter. My education, however, was never in question due to the generosity of scholarship donors. Through the worst of times, it is people like you that allow students to continue growing so that we can have the same positive impact on our community later down the road.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me cover the cost of living and tuition. While I am currently employed as an intern for CVS, doing well in school is my top priority. The generosity of scholarship donors provides me with the freedom to work as a means of gaining experience while also dedicating the appropriate time to my studies.

WHY I CHOSE TTUHSC...

Choosing TTUHSC was an easy decision. Growing up in a small town in west Texas, the community values that run through my school were instilled in me at a young age. TTUHSC is special to me because it encourages the use of those same values when caring for patients. I also love TTUHSC because of its focus on rural healthcare. My father is a cotton farmer, so I know first hand how hard it can be to seek medical care. Being an active part of reaching the same people that raised me is so rewarding.
