BECAUSE YOU GAVE...

I would like to thank you for your generosity. I have been at TTUHSC for a 2 years and I have experienced incredible support . Pharmacy school is not easy and I really appreciate the support system at TTUHSC. I hope in the future to be in a position where I can help the community.

WITH YOUR SUPPORT, I CAN...

I will use these funds towards my tuition for Fall 2020. Financial responsibilities have been the biggest hurdle in my journey and these funds help to lessen this burden and enable me to focus on my classes. These funds will get me one semester closer to being a pharmacist and a contributing member to society.

WHY I CHOSE TTUHSC...

The culture at Texas Tech appealed to me the most when choosing the pharmacy school I would attend. The Abilene campus appealed to me the most because the class size was much smaller than what I had seen other schools and this gave the reassurance that I would have easy access to professors and teaching staff if need be. I honestly feel I made a great choice selecting TTUHSC mostly because whenever I interact with people in the pharmacy profession they all boast about the amazing students at TTUHSC and Im glad to be part of this community.
