

# YOUR *life* • OUR PURPOSE

## **MAVERICK KING**

Jerry H. Hodge School of Pharmacy

### **BECAUSE YOU GAVE...**

Your charitable investment in the future of pharmacy is a gift to those who work hard to care and provide for the well being of others. You are directly helping me advance both my career and my ability to provide for others. I will use these funds to help care and provide for others in my community and stay vigilant in looking for ways that I can increase the wellbeing of those around me.

### **WITH YOUR SUPPORT, I CAN...**

These funds will provide me with the resources I need to perform well during my P2 year in pharmacy school. As the vice president of student council and class of 2023 honor council representative much of my time will be spent helping with the transition during the Covid-19 pandemic. These funds will allow me to spend more time helping my fellow classmates make this difficult transition.

### **WHY I CHOSE TTUHSC...**

When I was young, I would go with my father to help my grandfather sort out his medications for the week. My grandfather had Alzheimer's and the time I spent watching him and my father sort these medications made me wish I could help. I chose to attend Texas Tech University Health Sciences Center Jerry H. Hodge School of Pharmacy so that I can help others who are currently in a similar position. I believe my experiences with my grandfather built the passion and empathy that I will need to care for patients in my future career as a pharmacist.
