BECAUSE YOU GAVE...

I would like to take this opportunity to thank you for your generosity in funding the Safeway Inc. Scholarship. I am honored to have been selected as a recipient of this award. Receiving this scholarship has reduced my financial burden, especially as an out of state student. This allows me to focus more on schoolwork and less on my finances. It also encourages me to maintain my GPA and complete my degree. As a beneficiary of this award, I aspire to one day help students reach their goals in higher education by also helping to reduce their financial burden.

WITH YOUR SUPPORT, I CAN...

This scholarship will help to reduce my financial burden, especially as an out of state student. It will assist me in paying for the costs that come with being an out of state student, as well, such as rent and transportation. This money will also assist me in purchasing the necessary supplies and paying the necessary fees needed to succeed in pharmacy school, such as tuition, textbooks, organizational fees, conference fees, and more.

WHY I CHOSE TTUHSC...

I chose TTUHSC because during my interview process, I was in awe of the opportunities TTUHSC provided as well as the opportunities I believed TTUHSC would provide for me in the future. It was obvious that TTUHSC really cared for their students and wanted them to succeed, providing all necessary resources for them to do so. TTUHSC also proved that their curriculum would best prepare me for my future career. As I begin my second year with TTUHSC, I have found all of this to be true, making TTUHSC special to me and preparing me for success.

BECAUSE YOU GAVE...

I would like to thank you for this generous gift that I received from you. I utterly value my education especially in the United States where I can develop my skills and abilities under the wing of great professors. This doctorate degree is a stepping stone towards my dream career. I always envision great things and awarding me a scholarship is a push in the right direction. I would like to be a pioneer in the drug manufacturing industry in my country and make drugs more affordable to people.

WITH YOUR SUPPORT, I CAN...

Going to college as an international student has always been a great challenge due to the expensive cost of tuition. Since the COVID-19 crisis, my family has had some financial difficulties and this comes has a great help. I am proud to say that receiving this scholarship is a huge relief for me and will ensure that I continue to excel in my studies.

WHY I CHOSE TTUHSC...

TTUHSC has one of the best programs in the area. I especially like that we have a say so in the choice of our campus town. I work better in a small and quiet town. While visiting the campus I was in awe with people's kindness and professionalism. I felt this was the best environment for me and I do not regret my choice.
