BECAUSE YOU GAVE...

Thank you so much for your kind donation. I really appreciate this chance you have given me, and I will strive to excel in school and do my best as a pharmacist. In the future, I hope to also contribute to those in pursuit of their goals and dreams. I hope to get involved in research and in clinical trials, specifically in oncology, as this has always been my passion and was part of the reason I decided to pursue a Pharm.D. After seeing my grandfather lose his battle to cancer, I felt it was my mission to make a difference for other people in the same situation he faced. Today, your contribution is making a difference in my life as I chase that dream.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me pay for my tuition, room and board, and travel to educational conferences for the school year.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the advanced clinical training and research opportunities available. TTUHSC offered me the chance to learn both specialized pharmacy pediatrics and geriatrics.

BECAUSE YOU GAVE...

No words can express just how happy, grateful, and fortunate I am to be receiving a scholarship for a reason that usually prevents me from receiving aid. It is this very generosity that encourages me to one day donate my money to help younger generations facing the same difficulties I faced. By granting me the opportunity to study, you have enabled me to fulfill my dreams and help thousands of people that will come across my way. Thank you.

WITH YOUR SUPPORT, I CAN...

Throughout my entire academic career, being an international student brought many challenges and imposed numerous limitations on my ability to continue my education. These challenges included visa problems, special international tuition rates, low acceptance rates for professional schools, or employment boundaries. When I was notified about this scholarship, I was ecstatic simply because such a niche scholarship existed. I felt like my constant problems as an international student were finally seen and realized.

WHY I CHOSE TTUHSC...

My primary criteria for selecting TTUHSC was its excellent cost margins. No other school mandated tuition rates lower than this university, for which I am really grateful. Additionally, the quality of education is notably pristine. Lastly, during my interview day, I was closely paying attention to all the staff and current students. I felt a sense of genuine care and respect for each other in every vocal exchange. My encounters were filled with smiling faces, meaningful advice, and mutual respect. My mission had always been to study in a place that allows for failures and encourages teamwork. After research and meeting with faculty and staff, my mind was made up on that very day.

I am truly honored to have been selected for this scholarship. I know this aid comes with tremendous love and responsibility, especially because of who this award remembers. I will do my best to continue to position myself to be the best pharmacist I can be, including the most compassionate. I will definitely pay this generosity forward when I have the ability to give back. Thank you again. You have made my family and me very proud.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me afford tuition, living expenses, and travel to pharmacy conferences. I have enjoyed advocating for my profession as a future pharmacist, and this honor will help me pursue this goal of mine. Through great advice from mentors, I have attended several pharmacy conferences in hopes of learning and networking with the greatest pharmacy minds in the country. There is still much left for me to do, and this award will aid me in my journey.

WHY I CHOSE TTUHSC...

TTUHSC has a reputation of having a difficult but rewarding pharmacy curriculum. I took that as a challenge, and it is my goal to be one of the best pharmacy graduates in the country.

BECAUSE YOU GAVE...

I hope you know that one day when I am in a position to help a student out I will remember this kindness that has been shown me, and I hope to pay it forward. Your donation means so much to both my family and me. Thank you so much!

WITH YOUR SUPPORT, I CAN...

This is my last year of pharmacy school, which means I am on rotations for 40 to 50 hours a week, leaving very little time to work. This scholarship means so much to me because it will relieve some of the financial stress that comes with schooling. My family does not have the means to help me financially, so they are also incredibly thankful for this aid as it will get me closer to accomplishing my goals.

WHY I CHOSE TTUHSC...

When I interviewed at TTUHSC, I actually ended up staying late with my interviewer because of how well we connected. Throughout that interview day all the faculty and staff were so sweet to me and made me feel welcomed. It made the decision between pharmacy schools easy for me because I knew I was going to be away from home for a few years. I wanted to pick a school that would be my second home.
