

the **FUTURE** *of* **HEALTH**

TEXAS TECH UNIVERSITY  HEALTH SCIENCES CENTER™

MADELINE ADAMS

School of Nursing

BECAUSE YOU *gave...*

I chose to become a nurse because I love medicine. I also love people, and I have a passion for helping people in as many ways as I can. I chose this career because it combines my 2 passions together, people and medicine. My grandmother is also a retired nurse and her stories from her career have inspired me to pursue nursing.

WITH **YOUR SUPPORT, I CAN...**

This scholarship has allowed me to have school as my main priority instead of financial worries. If I had not received this scholarship I would have to work in order to help pay for groceries and rent. Instead I am able to spend my time focusing on school work, and improving my education.

WHY I CHOSE *ttuhsc...*

I have learned how to interact and care for patients as a nurse. I have learned skills in simulation, and also while shadowing nurses in clinical excursions. I have learned about medications and how to educate my future patient's on them. I have learned how to utilize therapeutic technique when communicating with patients.
