BECAUSE YOU *gave...*

I chose Speech Language Pathology because my purpose is to serve others and serve others well. SLP's has a very diverse population of people we can serve and a diverse populations of lives we can change. This career gives me the ability to help someone do what we all love to do; communicate.

WITH **YOUR SUPPORT, I CAN...**

I am a student who relies heavily on student loans in order to go to school. Now, with continuing on in my education and getting my masters degrees, scholarships like this one help the burden of debt I will owe once I graduate. Any amount of money helps and makes a huge difference in my academic journey.

WHY I CHOSE *ttuhsc...*

The experience at TTUHSC has been so memorable and has affected my educational experience tremendously. From my professors, to clinical supervisors, to my classmates, community outreach organizations, and the campus alone have made an impact of my academic career. I have met some of my best friends through this academic experience; I would pick TTUHSC in every lifetime.
