Enclosed you will find inspiring letters from students who received your scholarship this academic year. Because of your generosity, they can more fully participate in their studies in the School of Nursing. Through their letters, I hope that you discover how your gifts impact their journey and how you contribute to making Texas Tech University Health Sciences Center a special place to prepare for a future in health care.

The most impactful testament to your support is the responsible use of your gifts. As students receive your scholarship this academic year, our development team will share their letters with you; please note you may receive multiple letters throughout the year. I encourage you to contact our development team at (806) 743-2786 should you have questions about our scholarship process and to learn more about the impact you are making in the lives of these future health care professionals.

We are grateful for your commitment to education and your gifts, allowing our students the opportunity to pursue their passion for serving others.

Warm regards.

Michael Evans, Ph.D., R.N., FAAN  
Dean, School of Nursing
