

IPE NEWS & EVENTS

from the Office of Interprofessional Education

HAPPY NEW YEAR FROM THE OFFICE OF INTERPROFESSIONAL EDUCATION

A new year and a new decade at TTUHSC gives us plenty of opportunity to reflect on where we are and ideas that we may have for improvement. How can the Office of Interprofessional Education help you meet your school's curriculum and accreditation needs? Do you have any ideas or suggestions on ways that we can grow IPE across all of our schools, campuses, and community? If so, we would love to hear them. Send us an email, give us a call, or we can come meet with you.

Here's wishing a Happy New Year to all!

IPE MULTIMEDIA CONTEST

AND MORE!

IPE Mission Statement:

The mission of the Office of Interprofessional Education at TTUHSC is to inspire and transform future healthcare professionals through collaborative learning of interprofessional methods in student education, faculty development, and preceptor training to advance the overall health and well-being of the West Texas community and beyond.

HAVE YOU REGISTERED YOUR IPE ACTIVITY OR EVENT?

The Office of Interprofessional Education manages a curated registry of all current registered IPE activities and events held across TTUHSC.

The registry is a great resource for identifying IPE events or activities and can be searched by school, program, campus, or IPE competency. Detailed reports can also be printed to show accrediting bodies or administration the types and number of IPE activities within your school.

Registering an IPE activity is simple. The registry is embedded on the IPE webpage with an option to register a new activity or search the database.

When registering a new activity, simply populate the form with the appropriate information and our office will review it for any additional information that may be needed. Your registered activity will be good for one year and can be renewed annually. Certificates are available through each registered activity for participating students and faculty.

Currently there are over 60 registered activities. Haven't viewed the registry? Check it out [here](#) or give us a call at (806) 743-2028 for more information or help in registering your activity.

IPE ACTIVITY REGISTRY

OUR CURATED IPE ACTIVITY REGISTRY ENSURES QUALITY, CLARITY, AND UNIFORMITY OF INTERPROFESSIONAL PRACTICE AND EDUCATION PROGRAMMING.

- ✓ Proven Results
- ✓ Easy To Use
- ✓ Powerful
- ✓ Affordable
- ✓ Customizable
- ✓ Mobile Friendly
- ✓ Excellent Support

All your IPE learning activities can be in one place, readily accessible and searchable by students, faculty, accreditation bodies, community partners, and outside entities. Each registry submission contains at least 21-items that detail the IPE activity. Each activity can be vetted for clarity and quality of IPE programming. Contact us to learn more!

SPRING IPE DAY 2020: FIRE IN THE HEATLAND

Student registration is open for Spring IPE Day! On February 14th, the Office of Interprofessional Education will host Spring IPE Day to foster improvement in interprofessional communication and teamwork skills within a public health emergency framework with an emphasis on community resources, policy, action planning, and population health. The theme of this year's event is **Fire in the Heartland** and will feature public health outcomes and interprofessional action response planning associated with wildfires in the central plains, including West Texas. Spring IPE Day will be held simultaneously on the Abilene, Amarillo, Dallas, Lubbock, and Odessa campuses. Please encourage your students to register by January 24, 2020 at <https://ttuhsc-ipe-2020-spring-ipe-day.eventbrite.com>.

Faculty facilitators are also needed on all campuses. Responsibilities of faculty facilitators include guiding a team of interprofessional students through team building activity and small group discussion.

If you are interested in facilitating, please contact Danette Weller at (806) 743-4307 or by email at danette.weller@ttuhsc.edu.

TEXAS TECH UNIVERSITY
HEALTH SCIENCES CENTER
Office of Interprofessional Education

Registration is now open for the April 3rd training on the Lubbock campus. Deadline to register is Friday, March 20th. For more information contact the Office of Interprofessional Education at ipe@ttuhsc.edu or give us a call at (806) 743-2028.

WHAT IS TEAMSTEPPS MASTER TRAINING?

TeamSTEPPS Master Training is a one day learning experience (with individual pre-work prior to course participation) with a train-the-trainer approach.

Throughout the day, learners will participate in active learning of the TeamSTEPPS components through games, scenarios and discussion while gaining experience in teaching TeamSTEPPS concepts to students or staff. The course is taught by Master Trainers on our TTUHSC campuses and once trained, participants in turn can train new trainers or provide fundamentals training to faculty, staff, and students.

TeamSTEPPS Master Training is open to all faculty and staff on all campuses, both clinical and non-clinical alike. There is no fee for TTUHSC employees.

TeamSTEPPS training objectives are to:

- * Identify common communication and teamwork related challenges in health care
- * Learn the TeamSTEPPS tools and how they can help to overcome communication and teamwork related challenges
- * Analyze how the TeamSTEPPS tools can be effectively implemented in the health care setting
- * Practice the use of the TeamSTEPPS tools in practical scenarios and simulations
- * Construct a plan to teach, coach, measure, and implement the TeamSTEPPS tools

Lunch will be provided for all participants. Please dress business casual for the interactive learning day.

Reflections on an Interprofessional Mini-Series: An Interprofessional Small Group Activity

Type of Learning Activity:

- * Workshop, interactive demo, or small group activity
- * Case-based and/or problem-based learning

IPEC Core Competencies Targeted in this Activity:

- * Interprofessional Communication
- * Roles and Responsibilities
- * Teams and Teamwork
- * Values/Ethics for Interprofessional Practice

Level of IPE Integration:

- * Exposure Level

Brief Description:

During this IPE small group activity, interprofessional teams of students will view one or more episodes from an interprofessional mini-series and then participate in a guided reflection of some aspect of collaborative practice. Students will engage with other students in discussion of learning pearls to prepare them for collaborative care experiences on clinical rotation.

For more information on the Mini-Series contact Craig Cox, PharmD, BCPS, FCCP at craig.cox@ttuhsc.edu or visit the mini-series [website](#).

For a PDF link to this registered IPE activity click [here](#). All resources are free for TTUHSC faculty.

TEAM TRAINING

Active Learning Activities

Interactive DemoJanuary 31 | 12:00 - 1:00 pm
Room 2C223

Game On!

Reserve your spot!

RSVP to ipe@ttuhsc.edu | (806) 743-2028Learn more at: www.ttuhsc.edu/interprofessional-education

Team Training Demo Days is a **hands-on**, interactive opportunity to learn through gaming ways to incorporate various team building activities into your school curriculum, staff training, or other numerous events and activities.

Demo Days are offered twice each fall and spring semester and are open to all faculty and staff to attend. During the one hour training, 2-3 new activities will be showcased and attendees will work together in interprofessional teams to achieve the desired outcome. A debrief is held following each activity to discuss communication and teamwork skills used as well as various leadership strategies that were incorporated.

Activities demonstrated can be used in a variety of applications to include TeamSTEPPS training.

Team building activities are held in a repository Box file and can be accessed by attendees who wish to incorporate them into their curriculum or other settings.

The Office of Interprofessional Education has available for check-out materials for each activity that are free to all schools (quantities will vary).

The next Demo Days will be held on 1/31/2020 at 12:00 pm on the Lubbock campus. Reserve your spot today at ipe@ttuhsc.edu.

Sample Team Building Activity:

Trauma Tots

Goal: Reassemble the crash victims**Rules:**

- Select a surgery team to reassemble the victims. Team cannot view the photo of the victims.
- Select a triage officer that knows what the victims looked like before the accident. Cannot change once assigned. Triage officer cannot view rescue efforts.
- Select relay person to communicate between the surgery team and the triage officer.
- Final assembly must precisely reflect the original photo.
- 15 minute time limit.
