Notice: Warning concerning copyright restrictions

The copyright law of the U.S. (Title 17, United States Code) governs the making of photocopies or other reproductions of a copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproductions. One of the specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement. This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law.

Note: TTUHSC Library is a participant of the Copyright Clearance Center. Requested photocopies may be subject to an additional copyright royalty fee.

Payment and Receiving Article

Patrons are notified by phone or email when items are received. Payment may be made by departmental account number, cash, check, or debit/credit card.

Materials from other libraries are received in approximately 2-5 business days for routine requests. Rush requests are normally received within 24 working hours. Clinical emergency/patient care requests are processed immediately with the goal of one (1) hour turnaround time.

If payment is made at initiation of the order, a PDF copy of the article will be sent directly to the user's TTUHSC email account when the Interlibrary Loan department receives the PDF. Credit/debit cards are not charged until the article is received by the Interlibrary Loan Department.

If payment is *not* made at initiation of the order, a notice will be sent to the user's TTUHSC email account when the Interlibrary Loan department receives the PDF. Once payment is made, a link to the PDF will be sent to the requestor's TTUHSC email.
