JoAnn Van Schaik presented a list of all the journal back files that will be available by the end of September. (A copy of the list of files was sent as an attachment with the minutes.)

The library has gone under a little renovation, creating a new study area on the second floor. The journals that were kept on the second floor have now been moved to the third floor and the space has been converted to a study area with tables, chairs and couches available for student use.

Stephanie Shippey highlighted some new features to the library homepage.

- Three new databases
  1. I.D.I.S.
  2. Ident-a-drug
  3. Lexi-Comp
- Mobile Resources, patrons are able to download and access different library resources on their mobile phones. A list of the resources can be found on the library homepage under Mobile Resources.

Stephanie also gave a small demonstration of Deep Web, as of right now it is only available internally, a tutorial will be sent out later for people to try it out.

The next meeting will be **November 16, 2010 at 3pm** in the Rare Books Room; a reminder will go out at a later time.
