

## November 30, 2016 Library Committee Meeting

Attendees: Erik Wilkinson

Travis Real

Sylvia DeLoera

Tom Goforth

Dr. Selvan

Last meetings minutes were approved.

**Erik\_**We are looking forward to meeting the new Director, Dr. Richard Nolan, hoping for a visit from him on our campus in spring. Erik attended Dean's Town Hall, the renovation was discussed it will be a 3-5 year process. Holiday hours will be up and posted. There is only .Will try to get a new one. On December 5<sup>th</sup> we have therapy dog visit from 3-4:00pm, and will be posting and sending invites, everyone is welcome. We have new chairs that were ordered for the Library on the 1<sup>st</sup> floor. Library has resumed Internal Medicine OSCEs. He has an idea for ornaments to give to donors. For the 3D printer, the faculty and staff are allowed to print. There is a new class of nursing orientations on January; there will not be one in December. The local 3D task force will be working in conjunction with the research department. Erik passed out brochures on Scopus.

**Travis\_**Offered information on database and resources; covered Gideon, has an app for smart phone as well, is user friendly.

**Dr. Selvan-** I have questions on CDC. Dr. Selvan thinks outside resources are difficult in finding. Also before submitting, is there a way to have a guideline on references? RefWorks online base gives hyperlink. She said endnote can download to computer. Dr. Selvan suggested sleep apnea prototype mouthpiece for the 3D printer. She requested some approved case studies for journals and manuscripts. Erik will check.

**Mr. Goforth\_**is looking forward to using Scopus.
