

NetterPresenter is a licensed product that requires 3 initial steps to function:

1. Register a personal account with NetterPresenter.com (requires email confirmation.)
2. Download and install the NetterPresenter client on your computer (NetterPresenter is *not* web-browser-based.)
3. Obtain a license key and register your NetterPresenter client.
 - *note* - step 3 validates your affiliation with TTUHSC by requiring that your computer be connected to the TTUHSC network, such as being on a TTUHSC campus or a distance student connected remotely via a free TTUHSC VPN account (Call TTUHSC I.T. @ 806.743.2875 for a free VPN account.) After a successful validation the NetterPresenter client will function for 1 year before requiring re-validation.

The screenshot shows the NetterPresenter website interface. At the top, there's a navigation bar with the logo and tagline "The Most Trusted Name in Medical Illustration". Below that, the main heading is "ANATOMY PRESENTER". The user is logged in, with options to "Edit Your Account Information" and "Logout". A central image shows a 3D skull model with various anatomical labels. To the right, there's a "USERS GUIDE" section with links for PDF and Word document formats. Below that, a "TECHNICAL SUPPORT" section provides contact information. At the bottom, there's a "HOW TO REGISTER YOUR LICENSE" section. A red oval highlights the license key field in the registration form, which contains the text "License Key: [redacted]".
