## The road not taken

Two roads diverged in a yellow wood,  
And sorry I could not travel both  
And be one traveler, long I stood  
And looked down one as far as I could  
To where it bent in the undergrowth;

Then I took the other, as just as fair,  
And having perhaps the better claim,  
Because it was grassy and wanted wear;  
Though as for that the passing there  
Had worn them really about the same,

And both that morning equally lay  
In leaves no step had trodden black.  
Oh, I kept the first for another day!  
Yet knowing how way leads on to way,  
I doubted if I should ever come back.

I shall be telling this with a sigh  
Somewhere ages and ages hence:  
Two roads diverged in a wood, and I-  
I took the one less traveled by,  
And that has made all the difference.

# To Lubbock

Welcome to a city where the warmth and the friendliness of the people is only matched by the beauty of the sunsets. But, Lubbock offers more than beautiful sunsets; you'll find enough attractions and events to fill every waking hour of every day, for a week or more . . .

Experience the Lubbock *difference*

Buddy Holly Statue and Walk of Fame is a lasting tribute to Lubbock's most famous son and to people from the West Texas area who have contributed to the entertainment field.

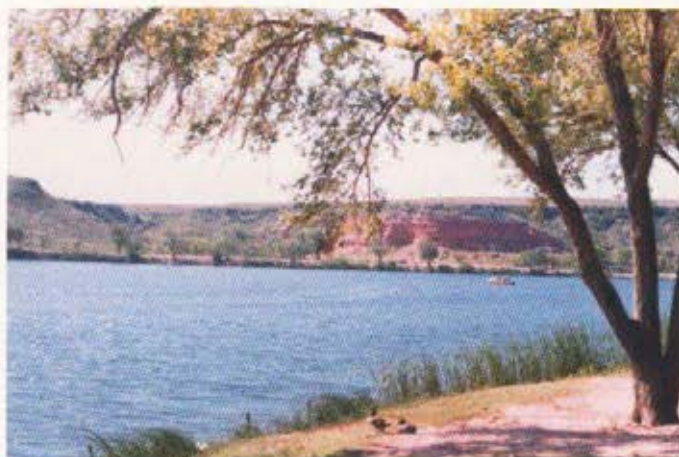

Prairie Dog Town is one of the few remaining colonies of its type in the nation offering entertaining hours to children and adults.

The infamous strip offers an assortment of libations.

Ranching Heritage Center of the Museum of Texas Tech University depicts the real history of America's West through the restoration of historical ranch structures which have been moved to an outdoor 12-acre site.

Buffalo Springs Lake 9 miles southeast of Lubbock offers facilities for fishing, skiing, picnics, speed boat races, camping, paddle boats and many other special programs including a nature trail and a new beach area that has been developed.

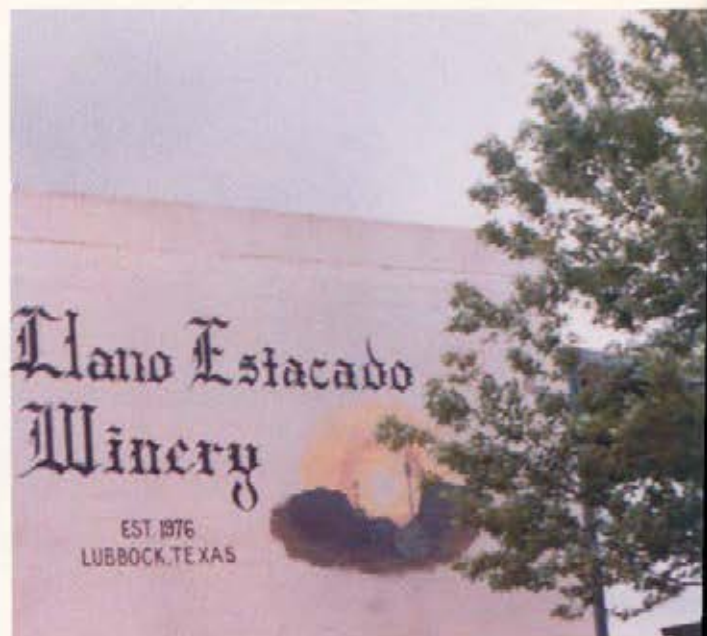

Snow skiers are happy to discover that Lubbock is just five hours by car from excellent New Mexico ski resorts.

The Municipal Garden & Arts Center hold flower and art shows all year. Lubbock's climate is semi-arid and mild. Cool nights and warm days predominate, with low levels of relative humidity. Most of the annual rainfall occurs during the months of May, June, and July.

# To Lubbock

Llano Estacado Winery located 3.2 miles east of U.S. 87 Hwy on FM 1585 houses Texas' largest winery. European and Californian varieties of grapes grown within 60-mile radius of Lubbock.

Yellow House Canyon Lakes offers four lakes featuring man-made waterfalls, boat loading ramps, fishing piers, rest shelter, camping and picnicking areas and foot bridges linked by hike and bike trails.

The 31st annual Carol of Lights was held in December 1989. More than 15,000 lights were illuminated to outline the buildings of the central campus.

Texas Tech University, one of the four major state universities in Texas, has an enrollment over 25,000 including students from all 50 states and more than 60 countries. The university, founded in 1923, now has a campus of 1,837 acres right in the heart of the city.

Vera Xarey is congratulated by Mrs. Roberts for being the recipient of the scholarship.

Darla and Casey are very excited that they have survived the first two and one-half years of nursing school.

## CONVOCATION

Lorail Wilson demonstrates the overall feeling of all juniors at convocation.

Teddy helps Teddy model the nursing cap given to juniors at convocation.

#### ON THE ROAD AGAIN

Wearing the costume of Mardi Gras, Paula, Angie, and Darla attend the Mid Year conference in New Orleans.

TTUHSC goes on the road again with nineteen students and sponsor Sharon Decker to Houston for the Texas Nursing Student Association Convention.

Tennessee welcomed TNSA members for the National Student Nursing Association.

TNSA members participate in Senior Citizen's Day at the South Plains Fair. The students take blood pressures, pass out ribbons, and hand out lunches to senior citizens in the community.

Students work throughout the summer and fall to provide lunch and entertainment for the senior citizens. This is the major fall project for TNSA.

Students enjoy the dance contest and various talents provided by the senior citizens.

Senior Citizen's Day at the South Plains Fair is nominated for the project of the year at the TNSA state convention.

Who is Darla hiding from now?

Nursing students are very coordinated ... they can eat lunch and take notes at the same time.

Go ahead ... make my day.

Give me your best shot!

The question of the year has been: "Is there life after nursing school?"

Are they in the kitchen again?

Students learn the importance of non-verbal communication during N2500.

Paula hasn't lost that "lovin' feeling."

Oh no! It's my turn.

There is a little Irish in all of us.

# STATE CONVEN

Veta Carey and Will Stewart represent TTUHSC as delegates.

CONGRATULATIONS to our own Darla Walker ... the 1990-1991 TNSA State President.

Angie Bednarz ran for Treasurer at the State Convention.

Gary Dent laughs with Lorail Wilson when she received the bill for her drink.

Jennifer Shields, Diane Sledd, and Lea Hooper taking a break at convention doing what they do best!

The banquet provided a time for everyone to dress up. TTUHSC was nominated for School of the Year.

Diane Sledd and Shelly Davenport nibble on the fresh bread provided at the awards banquet.

Darla Walker, Will Stewart, and Robyn Test represent TTUHSC during the House of Delegates.

7:00 AM ??? Early to rise ..... never to sleep !!!

The National Students Nursing Association convention was held in Nashville, Tennessee.

Lea Hooper and Diane Sledd feel "It's just a matter of time" before Randy Travis joins the Tech Nursing Program.

Howdy! Texas Tech ..... represented by spirited Red Raiders.

Will competes with a "trashy" cowboy for the girl's attention.

Diane and Lea help back Texas State President, Darla Walker, during the House of Delegates.

TTUHSC had seven representatives and one sponsor present at the convention.

Taking time out to sight see .... Sharon Decker leads the students on a tour of the Opry Land Hotel.

Dressing up for a night on the town ..... Sharon Decker and her children pose for a family portrait.

Shelly studies for nursing finals as Robyn catches up on her beauty sleep.

# News

Events from all over the world influenced life at TTUHSC. Across the oceans or across the street, news broke and distinguished 1989 from any other year.

On January 20, 1989, moments before George Herbert Walker Bush, 64, was sworn in as 41st President of the United States of America, he and wife Barbara accepted the well-wishes of the outgoing couple. (Life, 1989)

## SAN FRANCISCO EARTHQUAKE

A catastrophic earthquake rocked Northern California on October 17, killing at least 62 people and injuring hundreds, caving in bridges and freeways, igniting fires and causing widespread damage to buildings.

The quake which struck during the evening rush hour, just as Game 3 of the World Series was about to begin, registered 6.9 on the Richter scale and was on the notorious San Andreas fault. It was the second deadliest in the nation's history, exceeded only by the 1906 San Francisco earthquake that destroyed much of the city and killed more than 700 people.

Lonely are the brave: A Beijing protester demanding reforms faces down the army; China's rulers order an assault on Tianamen Square, killing 3,000-and the beginnings of democracy.

The Iron Curtain lifts as Hungary snips its barbed-wire borders and Poland installs a non-Communist government.

Iran's Khomeini deems Satanic Verses blasphemous and demands author Salman Rushdie's head.

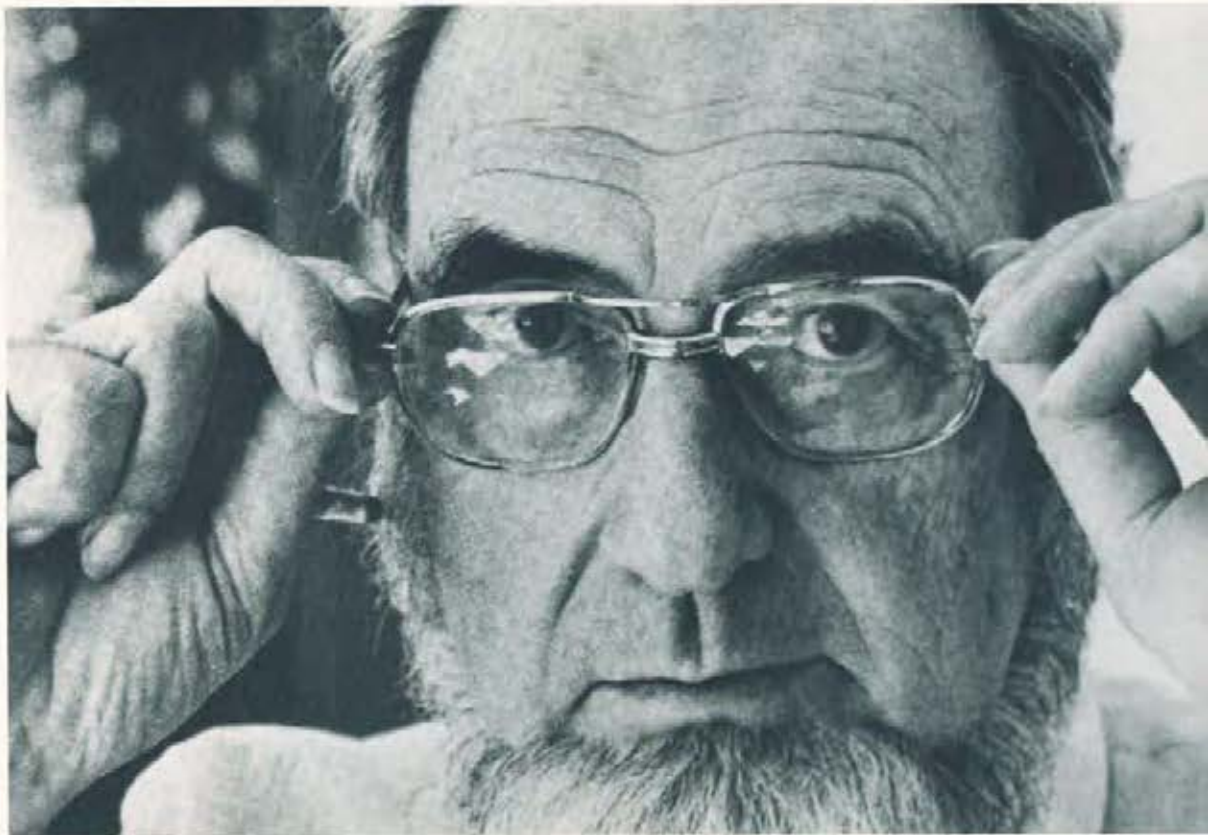

Japan's Hirohito, 87, dies ending a 62-year reign. (Stuart Franklin/Magnum Photos)

Since the break-in of Dr. John Orem's labs in July of 1989, support for his work has continued among faculty and students at the Health Sciences Center.

C. EVERETT KOOP

A retired pediatric surgeon and active antiabortionist, he was loudly opposed for the post of Surgeon General by Senate liberals. But once confirmed, Koop outraged conservative supporters by citing studies that concluded cigarettes are addictive and can harm nearby nonsmokers; AIDS can best be contained by early sex education and condoms as well as monogamy; and women undergoing safe abortions seem not to suffer lasting physical or psychological damage. He left office in 1989 a hero to many but spurned by those who had initially backed him.

A scourge of Old Testament proportions befell Jim and Tammy Bakker and their cable TV-based PTL ministry. In 1987 the Charlotte Observer revealed that Jim used \$265,000 in church money to hush a sexual peccadillo with former secretary Jessica Hahn. As authorities looked into other fiscal misdeeds the Bakkers resigned, and PTL, which in its prime grossed \$129 million a year, had to auction Heritage USA, a Christian theme park and resort in South Carolina. By 1989, while Tammy preached out of a Florida shopping mall, Jim was fighting charges that included mail fraud and conspiracy.

Everybody needed a break from the stresses of studying, tests, and the thought of what was due in class the next day. Cecelia Kane and Joan Macksey escaped to The Depot Restaurant & Bar, one of the many great places to party in Lubbock.

Cafeteria fare, pizza, junk food and variety of take-out menus were at some time all parts of a college students' steady diet. Even married students like Brian Ullom, were moved to call pizza delivery.

Intramural Sports was off and running again for yet another school year with Jenny Osterman active in many different sports. David Bird was Jenny's own personal cheering squad.

As if the stress of every day college life wasn't enough, students had to endure the torture of final exams before they were released to anxiously waiting family and friends. It looks like the stress was too much for Winston Whitt and Jane Ripperger-Suhler.

Cecelia Kane, Jennifer Bentley, Katherine Kenal, and Jessica Allsup attend National AMWA convention in Beverly Hills in October, 1989.

The American Medical Women's Association student group is comprised of both female and male medical students. AMWA's purpose is to provide a support group focusing in particular on women's issues and community service. The group brought in speakers on topics relevant to our medical education and other issues of interest to students.

Thanks to All our speakers and especially our sponsor Dr. Robert Posteraro.

# PEDIATRIC CLUB

Pediatric Club was organized to provide an opportunity for students to become more familiar with the speciality of pediatrics and opportunities in the field.

Guest speakers present current pediatric issues and topics at semimonthly luncheons hosted for the students by the Department of Pediatrics. Students can gain first-hand professional experience by interacting with physicians in various areas and work situations, such as work rounds and on-call duties. Students have the opportunity to serve as counselors for a summer camp for diabetic children.

In June of 1989 the Pediatric Club sponsored a trip to Honduras. Robert Turnbow, Ken, Andy Hoover, P.J. Mitchell, Rodger Mitchell, and Christine Broby were included in the trip.

# PSYCHIATRY CLUB

In order to promote knowledge and understanding of Psychiatry as a vital aspect of all medical specialties, the Psychiatry Club and the Department of Psychiatry sponsored lunchtime speakers and field trips for the members. We had a panel discussion of the differences between psychiatrists and psychologists, a talk from Anne Howe on Sex followed by (on Valentine's Day) a talk on Love, a delightful slide show and exposé on Drug Advertising in the APA Journal by Dr. Taylor, field trips to Big Spring State Mental Hospital and Charter Plains Mental Hospital, and other events. We even sponsored a trip to Phoenix for two (guess who) future psychiatrists for a scientific meeting. No doubt the most memorable part of Psych Club meetings was, however, the baklava.

# TEXAS MEDICAL ASSOCIATION

## Medical Student Section

The Texas Tech Chapter of TMA/MSS is dedicated to promoting knowledge and effective use of organized medicine, integrating medical students into local, state, and national organizations, educating medical students on current issues in medicine and providing a forum for concerns of medical students and the community.

During 1989-1990, TMA/MSS representatives attended fall and winter conferences in Austin and Annual Session in Corpus Christi. Some of the featured speakers who spoke to the Tech chapter included noted cardiac surgeon Dr. Michael DeBakey, Lubbock District Attorney, Travis Ware, and Texas Board of Medical Examiners Chairman Dr. G.V. Brindley.

# Phi Beta Pi Fraternity

Pres: Richard Beech

V-P: David Gore

Secr: Lee Self

Treas: Jessie Brar

Faculty Advisor: Dr. Peter Dorris

The Texas Tech chapter of Phi Beta Pi was just chartered in March 1990 with 52 charter members. Phi Beta Pi is a national medical school fraternity. It is primarily a service fraternity with emphasis in academics and social activities. Philanthropic projects conducted thus far have helped raise money for Children's Miracle Network. Members are active in civic as well as school-related activities.

Donna Jensen and Diane Sledd attempt to sell the Nursing school's first t-shirt.

Mary Slater takes pride in being the advisor for Student Council.

Student Council Representatives: Lillian Gambles, Amy Walter, Mary Slater, Donna Jensen, April Lyle, Deborah Miller, Diane

Sledd, Amanda Gregg, Kristin Healy, Lean Miller, and Darla Walker.

Amanda Gregg and Diane Sledd help plan the Christmas reception during a meeting.

Student Council was able to provide an elevator full of students with the new spring Nursing School t-shirts.

The Student Senate is composed of elected representatives from each school of the Health Sciences Center. It was created some five years ago in order to promote student interaction at the HSC, and to consolidate the various student organizations requests for student service fee monies from the main campus.

Since that time the Senate has promoted several "new" traditions at the HSC, including the Halloween party, Talent Show, and Teacher of the Year Awards. This year the Senate organized the First Annual Phone-a-thon which raised almost \$50,000 in its initial year. All of the money will be used for a student scholarship endowment fund.

While the Senate continues to successfully pursue its original goals of prompting student interaction and obtaining generous appropriations from the main campus, we also continue to work behind the scenes to help propel the Health Sciences Center into the upper echelon of health care professions schools in Texas and the World.

#### Affirmation of Commitment

We believe the nature and purpose of nursing is providing a caring response to human needs. We believe the practice of professional nursing provides nurses and clients a unique opportunity to share the wonder, pain and awe of human existence.

We further believe that to fulfill our commitment to those needing nursing care we must:

require increasing expertise from our colleagues;  
function as advocates for our clients;  
continue to "develop organizational, economic, political, legal and  
ethical climates that support nursing values and expertise,"  
Increase collegial relationships with others in the health care field;  
and  
support a spirit of professional unity.

With caring at the heart of our profession, we dedicate ourselves to our clients and each other. Today, we publicly affirm our commitment to our clients, our colleagues and our profession.

Written by Mary Slater, 1983 Graduate, School of Nursing, Texas Tech University Health Sciences Center. Italic words are from the "Declaration of Belief" (p. 61) by Margaret M. Styles ON NURSING -- TOWARD A NEW ENDOWMENT, St. Louis: C. V. Mosby Company, 1982.

**Declaration of Geneva  
School of Medicine**

At the time of being admitted as a member of the Medical profession,  
 I solemnly pledge myself to consecrate my life to the service of humanity  
 I will give to my teachers the respect and gratitude which is their due;  
 I will practice my profession with conscience and dignity;  
 The health of my patient will be my first consideration;  
 I will respect the secrets which are confided in me;  
 I will maintain by all the means in my power, the honor and noble traditions of the  
 medical profession;  
 My colleagues will be my brothers;  
 I will not permit consideration of religion, nationality, race, party politics or social  
 standing to intervene between my duty and my patient;  
 I will maintain the utmost respect for human life; even under threat, I will not use my  
 medical knowledge contrary to the laws of humanity.  
 I make these promises solemnly, freely and upon my honor.

Presented by Tim Hall and Trent Pettijohn: According to both Tim and Trent, in this class, as well as the population as a whole, there will always be those people that like to rock the boat or just simply commit a social faux paux. We feel though, that this should not detract from all the positive aspects of our class or our profession. Our motto is: "Don't let one rotten apple spoil the whole bunch."

Best Lecture in a foreign language: Dr. Koss  
Other nominees included Dr. Pence, Dr. Dunn, and Dr. Tran.

Baseball, Hot Dogs, Apple Pie or Things that just go together:

Tweetle Dee and Tweetle Dum alias Scott and Dennis.

Dawn, Vesta, and Delores

Hair Sculpture Award: The person most likely to get their hair cut at Aristotle's House of Hair Sculpturing: Dave Jones, Steve Trostel, Dave Troutman, Bruce Harmon and Brandon (at the beginning of the year).

Bad jokes and David Troutman

**Larry Warmoth Award:** Rather than having Larry win an award from one of our other categories, Tim and Trent decided to give him his own category:

- Most likely to be an achondroplastic dwarf
- Most likely to have a tap on everyone's phone to get the inside scoop on the class.
- Most likely to know all of Caroline Oglesby's intimate secrets.
- The person most likely to go into private practice with Dr. Strahlendorf.
- The person who insists that "Tom Cruise wasn't flying that plane in Top Gun — I was. Actually, I was flying all of the planes, simultaneously".

**Nominees for Major Distractions During Class included:** Harvey and Sammy talking; Joan's famous sneeze; David Troutman's word salad when Larry makes an announcement; Tim Dannemiller hitting his head on the back wall as he falls asleep; and B.B. — his pen tapping got pharm lecture canceled.

**Better Late Than Never Award:** went to Jane Rippinger Suhler. Jane was always approximately 10 minutes late to class. Other nominees in this category included David Troutman, Sammy Deeb, Dave Jones, Chip Mahan, and Winston Whitt.

**DSM III R Award nominees included:**

- Dave Troutman: Narcolepsy
- Thomas Gaub: obsessive compulsive personality
- Gregg Starr: frorterism and zoophilia (with Snitzel)
- Larry Warmoth: psychosocial dwarfism
- Shannon Casey: Napoleonic complex
- Jim Trevino: narcissistic personality
- Dave Jones: impulse control
- Vesta, Dawn, and Dolores: dependent personalities
- Charlie Phillips: Compulsive lying personality — he insists that he has never done the thing that according to our psychosexual lecture approximately 100% of all males have done at least once in their life.

**Leader of the Pack Award:** Jim and Peter were those people consistently the first to get up and sprint to make sure and get a handout or be first in line for a lunch.

**Sammy and Larry:** Please just get a life!!!!

# Odds & Ends

Randy, Even when I didn't know I needed you all I had  
to do was look beside me . . . you were always there.  
Thanks, Ivette

Shyla and Sue help Victor celebrate his birthday. How many does this one make?

Valerie Brookes to the rescue. How much fun did we have. Thanks Tracie.

The secret is out; Eileen did help Jennifer sound proof her apartment.

## The Road Taken

My decision to become editor of the HSC yearbook was a difficult one. I knew it would be a hard job but definitely worth it in the end. This last year has been incredible. The people with whom I was privileged to work with this year are countless.

To begin I would like to THANK the following people for their support:

Vonda Somerville: thanks for the shoulder to cry on.

Jane Carter: thanks for all of your advice.

Marilyn Buchanan: thanks for dropping every thing at a moments notice for me.

April Blake: thanks for reimbursing all of my out of pocket expenses.

To the STUDENTS and FACULTY of the HSC: Thank you for being here; without you there would be no need for a yearbook.

To the PLEXUS STAFF of 1990:  
Can you believe we did it!!

Thanks for all of your hard work, for putting up with my phone calls, and especially thanks for seeing a job finished.

To the CLASS OF 1992:

You guys deserve a big hand; thanks for helping me with the year book; thanks for being apart of this year. Joan Macksey — thank you for letting me use your pictures.

The Road Taken . . . . That  
says it all.

## Colophon

Volume 8 of Texas Tech University Health Sciences Center's Plexus yearbook was printed by Josten's Printing and Publishing Division, Topeka, Kansas. Jim Hill served as our local Josten's representative. There are 200 pages printed on 191# Gloss Enamel and trimmed to the size of 8½ by 11. Twenty pages of the book were printed in four color (5 Opening, and 15 Family Album) and signatures 6 and 7 were spot color (Forest Green #349).

Coverbase material was 120 point binders board material #516 with Sundance Grain and Beige #374 applied silk screen and gold metal lay of school seal. The logo (The Road Taken) was designed by Vonda Somerville and Ken Brantley. The endsheets were prepared with a ghosted landscape provided by Josten's. Permission was obtained for the use of Robert Frost's poem, The Road Not Taken.

All body copy is set in 10 point Century Schoolbook #15 with blocked paragraphs. The captions are 8 point Garamond #17. Headlines varied in sections as follows: Opening and To TTUHSC-Palatino #33; Getting Involved Korinna #21; Administration & Faculty-Optima #31; Commencement & Alumni-Garamond #17; Sponsors-Century Schoolbook Condensed #55; and Yearbook Staff-Century Schoolbook #15.

Student portraits were taken by Val Hildreth and Associates of the Image makers. Other photographs were taken by staff photographers and submitted by students at TTUHSC. Color enlargements were printed by Rapid Color and CPI One Hour Photo Finish.

The 1989-90 Plexus staff worked with a \$13,200.00 budget provided by book sales, advertisements, sponsorships, and Vending Machines Account. Organizations purchased page sponsorships for \$25 on a first-come-first-serve-basis. Advertisements within the Ad section sold for \$200 b/w full page, \$100 b/w half-page, \$50 b/w for a quarter page and \$25 for business card size.

The yearbook was produced by volunteer staff of 15 students. All layouts, designs, copy, and photographs were generated by the staff, except were noted. Volume 8 had a press run of 300 copies and sold at \$20 a copy.
