

# Mandatory Sessions and Activities for General Principles of Infection (GPI) 2019

**Subject to Change**

**Note:**

Unit evaluations (must complete **2** out of the **4** unit evals)

Faculty evaluations (must complete at least **2** faculty evaluations per unit)

**End of Block evaluation is required**

All Firecracker quizzes are mandatory and average 60% at midpoint and end of block.

All **5** unit exams are required.

**Session One (Block Intro and Dr. Williams Lecture) is required for all students.**

The combined activity sessions with P3/Docs are mandatory for all students.

There are a total of 13 small group sessions (dry labs, clinical correlations, SimLife Center activities, etc). ALL ARE MANDATORY, **but**, you only have to attend **7 out of the 13** AND take the individual in-class quiz and/or complete group in class or out of class assignments to receive full credit for the activities.

\* The session on Monday, April 01 is required for everyone AND will count as 1 of the required 7 sessions.

Material presented in TBL, SGCCD and Dry Lab sessions are testable.

**The ISS SOAP note assignment is 2% of your final grade.** (Directions, case topics, and an example assignment will be posted on Sakai)
