DISCLOSURE & MITIGATION OF RELEVANT FINANCIAL RELATIONSHIPS

It is the policy of Texas Tech University Health Sciences Center Office of Continuing Medical Education to abide by the ACCME Standards for Integrity and Independence in Accredited Continuing Education. It is the policy of TTUHSC to collect information from all planners, faculty, and others in control of educational content about all their financial relationships with ineligible companies within the past 24 months and mitigate relationships prior to the individuals assuming their roles.

Ineligible companies are those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Governmental agencies and providers of direct patient care services are not considered to be ineligible companies.

Disclosure of a relationship is not intended to suggest or condone bias in any presentation, but is made to provide participants with information that might be of potential importance to their evaluation of a presentation. TTUHSC expects that the content or format of an accredited continuing education and related materials will promote improvements in quality of healthcare and not the specific proprietary business interest of an ineligible company. We employ several strategies to ensure the absence of commercial bias and mitigate relevant financial relationships.

None of the planners or faculty for this educational activity have relevant financial relationships to disclose with ineligible companies.
