INITIAL STEPS AND GENERAL TIMELINE FOR PROMOTION/TENURE PROCESS:

**Refer to dates on SOM 20.21.B, SOM Tenure and Promotion Timeline**

1. **Notice from Chair.** The Campus Department Chair notifies the Office of Faculty Recruitment, Affairs and Development (OFRA) of the candidate(s) being considered for promotion and/or tenure. Notification will be completed through Workflow Manager during the spring. Links to the SOM OP 20.21, Faculty Tenure and Promotion, and other document links are provided to the Campus Department Chair and the Faculty candidate.

2. **Required Academic Reference Letters.** As indicated in the SOM Timeline, the candidate furnishes the Campus Department Chair with five names from which the Chair can contact for letters of reference that address academic credentials. It is the responsibility of the Department Chair to review the names submitted to guarantee they meet the following requirements:

   A. A minimum of 3 letters, but up to five letters must come from another academician, not employed by TTUHSC, who are at or above the rank desired (if applicant is applying for tenure, the letter must be from a tenured academician).

   B. All letters must be on letterhead and signed by the author, either as handwritten or authenticated electronic signature. Academic reference letters from the following list are deemed acceptable and are listed in order of regard as determined by the SOM Tenure and Promotion (T&P) Committee:

      1. Letters will be deemed acceptable if the author is established within a medically affiliated college or school (e.g., schools of medicine, health professions, pharmacy, nursing, biological sciences, etc.), at or above the rank aspired, or tenured if applying for tenure.

      2. Blind letters (not known to candidate) from academicians at or above the rank aspired, or tenured if applying for tenure.

      3. Faculty member that has been at an academic institution, including TTUHSC, and left or retired within the last 10 years. During their employment at their affiliated institution, they must have been at or above the rank desired by applicant, or tenured if applying for tenure.

   If the letters do not meet the minimum requirements addressed above, a sub-committee of the SOM Tenure and Promotion committee, comprised of the current Chair and/or Vice-Chair and additional members assigned, will review the submitted letters and determine if the letters are acceptable according to the above-mentioned guidelines, or administratively withdraw the applicant’s dossier due to lack of required documents.

   It is the responsibility of the Campus Department Chair to obtain confidential letters of reference from at least three, but no more than five individuals. **If the candidate does not know three (3) to five (5) academic colleagues, the Campus Department Chair along with the candidate can identify individuals who can be asked to evaluate the candidate’s CV using the appropriate table from the SOM Faculty Tenure and Promotion policy. Required Academic Reference Letter templates (SOM OP 20.21.C, Tenure Track Reference Template, SOM OP 20.21.D, Non-tenure Track Reference Template, and SOM OP 20.21.E, Tenure only Reference Template) may be used when requesting a reference letter.** These letters will need to be modified to fit the candidate. (Please remember to include the candidate’s current CV and the SOM policy [SOM OP 20.21, Faculty Tenure and Promotion]). It is the responsibility of the Campus Department Chair to submit electronic copies of these letters to the OFRA via Workflow Manager by the deadline.

3. **Optional Reference Letters.** Three (3) additional Optional Reference Letters can be solicited by the candidate, from colleagues not in the candidate’s department who can speak to their area of excellence (clinical, scholarly, OR teaching). Optional Reference Letters are to be addressed to TTUHSC School of Medicine, Office of Faculty Recruitment, Affairs and Development, 3601 4th Street, STOP 6213, Lubbock,
