

➤ Population Served

- Elementary school kids in Lubbock ISD

➤ Services Provided

- Work with the school liaison to anonymously identify students with uncertain food futures
- Provide bags of non-perishable, healthy food to students
 - Kid-friendly food
- Train school staff to look for signs of children who don't have enough to eat

➤ Clients' Health Needs

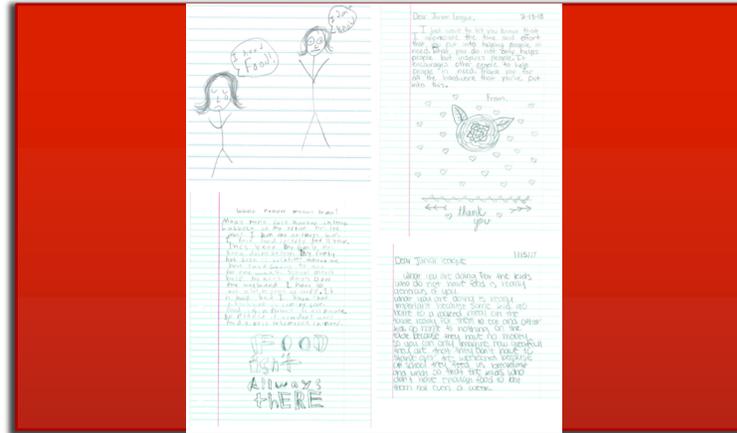

- Insufficient caloric intake
- Secondary health concerns to malnutrition: behavioral issues (hanger outbursts), lack of focus, slipping grades, low school attendance

➤ Clients' Health Information Needs

- Public health information is added to food bags
 - Dental care, COVID info and mental health resources, hand sanitizer

➤ Advice for Physicians

- Be able to recognize signs and symptoms of hunger
 - More than physical symptoms
- Be aware of opportunities in the community to alleviate hunger
 - Food Banks
 - Food2Kids
 - Other local programs (ex. Abilene Snack Packs)
- Pass out resources like flyers to make people aware

How to help
Volunteering/Donations
