Clients' Health Needs

- Mental health after disaster.
- Replacement prescriptions and medical supplies.
- Smoke inhalation recognition/treatment.

Clients' Health Information Needs

- Recognizing warning signs of natural/domestic disasters.
- Availability of Red Cross at:
1-800-RED-CROSS.

Advice for Physicians

- Physicians should educate patients on the availability of Red Cross assistance, regardless of what type of situation they may be needing.
- Physicians and other medical staff are desperately needed to volunteer both locally and around the globe.
- Physicians can provide invaluable insight into medical conditions that other volunteers may not recognize.
