

TEXAS TECH UNIVERSITY
HEALTH SCIENCES CENTER™

School of Medicine

Steven L. Berk, MD
Dean, School of Medicine
Executive Vice President for Clinical Affairs

April 19, 2022

Dear Medical Student:

On behalf of the faculty, staff and students of the Texas Tech University Health Sciences Center (TTUHSC) School of Medicine I congratulate you on your acceptance, welcome you, and wish you much success in your medical school career over the next four years!

I know you have made an excellent choice in your decision to attend the TTUHSC School of Medicine. We have a high student satisfaction rate (as measured by the Association of American Medical Colleges graduation questionnaire) and high USMLE 1 and 2 pass rates of 99%. We are one of the most affordable medical school in the country and among the top allopathic medical schools for students practicing family medicine and primary care. We are proud of our innovative education initiatives such as the Family Medicine Accelerated Track, and the four-year M.D. /MBA program. We provide our students with great opportunities to succeed outside the classroom including participation in our free clinic, summer research program, and options to obtain certificates of excellence in research, humanities and ethics, and care of the underserved. The School of Medicine has excellent, highly rated teachers, and the best online resources to help you succeed on exams, on the wards, and in the outpatient clinics. Our students have won awards for community service as part of the Free Clinic, Barbershop Hypertension Program, and The Lubbock City Lights fundraising gala.

We look forward to greeting you personally, as we welcome you as a member of our academic community. We encourage you to participate actively in the wide range of medical school programs, and to take full advantage of the opportunities that await you both in and out of classroom. Again, congratulations!

Sincerely,

Steven Berk, M.D.
Executive Vice President for Clinical Affairs
Dean, School of Medicine
