

DIENROLLING FROM THE MBA PROGRAM

Students admitted to the PharmD/MBA program are expected to complete the requirements of both degree programs within a 4 year period of time. Students who disenroll from the MBA program are still enrolled in the PharmD degree program; however, because of the dual degree plan for the PharmD/MBA, each individual record will be evaluated to determine if PharmD courses that were waived will now be required for the PharmD degree. As a result, PharmD students may have delayed graduation until the degree requirements are completed.
