## Putting PDF Files on your PDA

- From Adobe's web site ([www.adobe.com/products/acrobat/readstep2\\_mobile.html](http://www.adobe.com/products/acrobat/readstep2_mobile.html)) select and download the Adobe Acrobat Reader for mobile devices to your desktop; install it there; synchronize with your handheld to transfer the reader to your handheld. A version of Adobe remains on the desktop to facilitate transfer of PDF files.
- To transfer PDF files from your computer to your handheld: Save PDF files to your desktop. Queue the files for syncing by dragging or dropping them onto the shortcut for Adobe or by opening Adobe from your program menu and then dragging and dropping the PDF file into the window provided. When you sync, the files will be transferred.
- Open the files on your PDA: Open Acrobat Reader on your PDA and select the file desired from the Reader's menu.
