## Residency Interviews

Many of our P4 students are applying for Residencies and/or Fellowships. As you may know, the interview process for these programs usually takes place in January and February. If you are precepting P4 students, they may need to take Professional Leave to participate in these interviews either in person, or virtually. The students have been asked to notify you of any interviews requiring them to miss rotation time in as timely a manner as possible. If you have a concern regarding a student request, please contact our staff.
