★ Colorado

- Every applicant for a license under this article must read and write the English language, or if the applicant is a partnership, each member of the partnership must read and write the English language. If the applicant is a Colorado corporation, the corporation must be in good standing, and if the applicant is a foreign corporation, it must be qualified to do business in this state.
  - The board shall issue the appropriate registration to each manufacturer and wholesaler that meets the requirements of this article unless the board determines that the issuance of the registration would be inconsistent with the public interest. In determining the Pharmacists, Pharmacy, and Pharmaceuticals public interest, the board shall consider the following factors:
    - Maintenance of effective controls against diversion of controlled substances into illegitimate medical, scientific, or industrial channels
    - Compliance with applicable state and local laws
    - Any conviction of the applicant under any federal or state law relating to a controlled substance
    - Past experience in the manufacture or distribution of controlled substances and the existence in the applicant's establishment of effective controls against diversion
    - Any false or fraudulent information in an application filed under this part 1
    - Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense a controlled substance as authorized by federal law
    - Any other factors relevant to and consistent with the public peace, health, and safety.
- Every applicant for a license or registration under this article shall make written application in the manner and form prescribed by the board, setting forth the applicant's name and address, the applicant's qualifications for the license or registration, and other information required by the board. The applicant shall submit with the application the required fee, and, if the applicant is required to take an examination, the applicant shall appear for examination at the time and place fixed by the board.
- An applicant who has graduated from a school or college of pharmacy approved by the board may take an examination before the board.
  - The examination must be designed fairly to test the applicant's knowledge of pharmacy and other related subjects and must be in a form approved by the board. The examination cannot be administered orally.

- An applicant for licensure by examination shall have completed an internship as prescribed by the board.
  - A person who produces evidence satisfactory to the board that the person has graduated and obtained a degree from a school of pharmacy outside the United States and has passed a foreign graduate equivalency test given or approved by the board may apply to take the examination set forth in paragraph (a) of this subsection (4).
- Every applicant for licensure as a pharmacist, whether by examination, transfer of license, reactivation, or reinstatement, shall take a jurisprudence examination approved by the board that tests such applicant's knowledge of the laws of this state.
- No applicant shall exercise the privileges of licensure or registration until the board grants the license or registration.
- The board may require any applicant for licensure to display written or oral competency in English. The board may utilize a standardized test to determine language proficiency.
- A person licensed by examination and in good standing in another state may apply for a license transfer. The board shall designate a clearinghouse for license transfer applicants, and a person applying for a license transfer shall apply through the clearinghouse designated by the board.
- The board shall adopt rules as necessary to ensure that any person who manufactures drugs and any wholesaler of drugs possesses the minimum qualifications required for wholesale drug distributors pursuant to the federal "Prescription Drug Marketing Act of 1987", 21 U.S.C. sec. 353, as amended.
- A person whose license has been revoked shall not reapply for licensure earlier than two years after the effective date of the revocation.
- Issuance of a license or registration under this section and section 12-42.5-117 does not entitle a licensee or registered facility or outlet to wholesale, manufacture, distribute, dispense, or professionally use controlled substances beyond the scope of his or her federal registration.

★ Delaware

- Whether you are applying by Examination or Score Transfer, you must complete 1,500 hours of Board-approved pre-licensure experience before you can be considered for licensure. If you have not completed all 1,500 hours when you file this application and you wish to attain any remaining hours while working in Delaware, you must file an Application for Registration for Internship in addition to this application. The Board office will issue you a permit to allow you to work as a Pharmacist Intern in a Delaware Pharmacy.
- The following are required for all applications, regardless of whether you are applying by Examination or Score Transfer.
  - Submit completed, signed and notarized Application for Pharmacist Licensure by Examination or Score Transfer.
  - Enclose non-refundable processing fee by check or money order made payable to “State of Delaware.”
  - Arrange for Board office to receive a State of Delaware and Federal Bureau of Investigation criminal background check following the instructions on the Instructions for Requesting a Criminal Background Check form included with this application. It is strongly suggested that you submit your request to the State Bureau of Identification promptly because it may take up to eight weeks for the Board office to receive the criminal background check.
  - Submit proof of your pharmacy education:
    - If you graduated from a school or college of Pharmacy in the U.S., submit a Certificate of Graduation Form completed by your school or college of Pharmacy and sent directly to the Board office.
    - If you graduated from a school or college of Pharmacy outside the U.S., submit a copy of your Foreign Pharmacy Graduate Examination Committee (FPGEC) Certificate. For an application, go to [www.nabp.pharmacy](http://www.nabp.pharmacy).
  - Arrange for the Board office to receive proof that you have completed 1,500 hours of Board-approved internship. Proof consists of any of these that apply:
    - College Practical Experience Form completed by your school or college of Pharmacy for practicum hours and sent directly to the Board office
    - Affidavit of Intern Experience form(s) to document any pre-licensure or internship hours you have worked in a Pharmacy, completed by your preceptor and sent directly to the Board office.
    - Transfer of internship hours from another jurisdiction(s), sent directly from each jurisdiction’s Board of Pharmacy to the Delaware Board office
  - If you have never been issued a U.S. Social Security Number (SSN), submit a Request for Exemption from Social Security Number Requirement .

- In addition to filing this application, you must register with NABP to take the Multi-State Pharmacy Jurisprudence Examination (MPJE) and, if you have not already passed it, the NAPLEX. To register, go to [www.nabp.pharmacy](http://www.nabp.pharmacy). You should register with NABP at the same time you file this application. Until you register with NABP, the Board office cannot make you eligible to take the exam.
- The Board office will determine if you are eligible to take the examination when it has received all of the following:
  - Application
  - Processing fee
  - Request for Exemption from Social Security Number Requirement , when applicable
  - Proof of your education as follows:
    - If you have graduated, the Board must receive either the Certificate of Graduation or FPGEC, whichever applies.
    - If you have not yet graduated, arrange for the Board office to receive an official letter from your school or college of Pharmacy stating that you have met all requirements for graduation. The letter must be sent directly from the school or college to the Board office. This letter is sufficient only to allow you to take the examination; it is not sufficient proof of education for licensure.
- When the Board office makes you eligible, NABP will send you an Authorization to Test letter that will explain how to schedule your examination.
- NABP will notify you of the results. If you pass, all items listed in the Requirements for All Applications section above will be required before your Pharmacist license is issued.

★ Florida

- In order to be licensed as a pharmacist in the State of Florida, you must apply to the Florida Board of Pharmacy, and have passing scores on the North American Pharmacist Licensure Examination (NAPLEX) and the Multistate Pharmacy Jurisprudence Examination (MPJE) (also referred to as the “Florida law exam”). The board is a participant in the NAPLEX Score Transfer Program. If you elect to transfer your NAPLEX score to Florida, the score is good for three (3) years from the date you took the examination.\*If you passed the NAPLEX examination, please review the requirements for licensure by endorsement to see if you qualify by this method. If you would like to apply by endorsement, please download an endorsement application.
- You are required to submit Form A to certify your graduation, and document the completion of 2080 hours of intern or work experience by submitting an Internship or Work Experience Form. These hours may be sent in by one or all of the following:
  - From the College of Pharmacy from which you received your degree

- From the state board of pharmacy in the state you completed your internship
    - From your Employer
  - All applicants must complete a Florida Board approved course on medication errors prior to licensure. The course shall be no less than two (2) contact hours and shall cover the subjects listed in Rule 64B16-26.103(1) (c), F.A.C. (Submit a copy of the course completion certificate to the Board of Pharmacy.) Florida Board approved courses can be found online at [www.cebroker.com](http://www.cebroker.com).
