

PGY1/PGY2 Health System Pharmacy Administration Residency/MS

Memorial Hermann Health System is hosting an information session on its PGY1/PGY2/MS Pharmacy Leadership and Administration Residency on:

Friday, November 20th from 3:00 – 4:00 PM CST

This will be an opportunity to meet current and past residents, preceptors, and pharmacy leadership of the program. We will be answering any specific questions you may have and providing an overview of the residency program.

Use link below to sign up for the informational and we will send you a zoom link. If the time and date does not work for you, please indicate in the comments of the survey and we will make time for you!

Program Overview

An integrated health system, Memorial Hermann includes 15 hospitals with specialty programming in tertiary, community and ambulatory settings as well as one of the nation's leading Accountable Care Organizations. Memorial Hermann prides itself in providing pharmacy services on the leading edge of technology, extensive clinical programs, interdisciplinary collaboration and innovative pharmacy practice models. This residency includes robust operational and clinical experiences at Memorial Hermann Memorial City Medical Center, extensive exposure to the workings of corporate leadership in the office of the System Vice President of Pharmacy and makes an impact on pharmacy services across the system.
