Jerry H. Hodge School of Pharmacy

Two Year Specialty Residency Program in
Pharmacotherapy

2021-2022
Lubbock Program Summary
The Pharmacotherapy Specialty Residency is designed to produce practitioners who exhibit excellence in pharmaceutical care regardless of practice setting.

A pharmacotherapy specialist should possess a mastery of clinical skills needed to practice in a variety of patient care settings and a solid knowledge base in pharmacotherapy. The residency provides the environment necessary to achieve the knowledge and skills needed to care for patients with a wide range of disease states.

The program will prepare the resident for the board certification examination in pharmacotherapy and will foster the development of an independent, versatile practitioner. The program is also designed to produce well-rounded professionals through experiences in teaching, research, and professional activities.

General Description

Texas Tech University Health Sciences Center Jerry H. Hodge School of Pharmacy offers the Pharmacotherapy Specialty Residency Training Program at the Amarillo and Lubbock campuses. The sites are uniform in application of the Pharmacotherapy Residency training standards and each provides a unique environment for maturation of the residency candidate. This booklet specifically describes the Lubbock program.

The 24-month program is designed to lead the resident through a variety of integrated practice experiences. By the end of the program, the resident should feel equally competent practicing within critical-care, acute care, ambulatory care, and chronic care settings. The residency will include core rotations that are chosen to establish a strong base in general medicine and to meet the requirements of a Pharmacy Practice Residency. The resident chooses elective experiences based upon his/her career goals. The Pharmacotherapy residency provides flexibility for candidates to mold the residency training process as their career interests develop.

Although the residency is designed around blocked rotational and longitudinal experiences, the focus of the training will be to master each of the disease states established within the ASHP/ACCP Practice Standards for a Residency in Pharmacotherapy Practice.
Program Goals

Practice Excellence
- Develop a mastery of knowledge base in pharmacotherapy.
- Develop solid patient care skills in acute, ambulatory, and chronic care settings. (Should achieve excellence in one major area)
- Develop a sound understanding of pharmacy practice management.
- Establish yourself as an integral member of a health care team.

Scholastic Excellence
- Demonstrate proficiency in teaching in both didactic and small group learning environments.
- Develop effective precepting skills.
- Generate new knowledge in Pharmacotherapy.
- Interpret and disseminate knowledge in Pharmacotherapy.

Individual Excellence
- Develop a system of self assessment and development.
- Demonstrate exemplary verbal and written communication skills.
- Utilize a system for balancing multiple work-related and personal responsibilities.
- Understand the importance of professionalism through participation in pharmacy organizations & service.

Refer to the *ASHP/ACCP Supplemental Standard for Pharmacotherapy Practice* for more information.

Practice Experiences

Practice experiences are selected to provide the candidate with exposure to a range of practice environments, disease states, and pharmacist mentors. Additional experiences are added to the program (in rotation or project format) in order to:

- meet all requirements for a Pharmacy Practice residency with emphasis in Pharmaceutical Care
- survey the disease states required for a Pharmacotherapy specialist, and
- provide optimal experiences to prepare the candidates for their career choices

Rotation requirements for each program will be described individually. In addition to the block rotation experiences, residents will participate in 1 longitudinal clinic (1/2 day) per week.

Residents are encouraged to consider all potential resources within the Texas Tech Residency system as they plan their career track.
Structured throughout the residency, the Clinician-Educator Training Program provides training for residents who are interested in developing their academic skills. The major goal of the training program is to supplement a strong clinical background with the skills needed to become a successful educator. The program includes didactic and web-based teaching models, mentored facilitator training for small-group problem-based learning, and precepting of third and fourth-year Doctor of Pharmacy students. Residents also receive instruction in grant writing, statistics, and clinical trial design; submit a project proposal to the institutional review board; and collect, interpret, and publish their results. Additional activities are provided to enhance discovery, integration, and writing skills. The program also includes innovative discussion topics based upon needs previously identified by new faculty members. Examples include handling difficult students, writing test questions, developing consistent evaluation methods and balancing life outside of career. While the program targets residents with an interest in academia, the skills sets gained through the Clinician-Educator Training Program are applicable to a broad range of career opportunities. The residents will be enrolled in the Teaching Certificate Program in their first year.

**Teaching Opportunities:**

**The Clinician-Educator Training Program**

**Experiential Teaching**

Clerkship teaching (involving both P3 and P4 students) is integrated into the resident practice model. Early in the program, the resident will observe faculty clerkship preceptors and become integrated into various aspects of clerkship teaching. After 6 months of the residency program, residents have the opportunity to independently precept clerkship students.

**Small Group Facilitation**

One (1) semester each year as a group facilitator in clinical correlations (P3 class). The clinical correlations course sessions are designed to integrate the concurrent didactic coursework with common examples of various pathophysiologic, pharmacologic, therapeutic and practice management exercises. The facilitator’s role is not to teach the students, but rather to facilitate their discussion. During the semester, this course meets twice a week for two hours.

**Didactic and Laboratory Teaching**

1-2 hours of formal didactic lecturing within the school of pharmacy programs. The courses that are to be taught will be based on availability and resident interest.
Residency Projects

Residents will complete the equivalent of one major project per year. The two-year nature of the Pharmacotherapy Program allows the flexibility for residents to complete a single, more in-depth project, or a multi-step project.

**Resident projects must:**

- include generation of original data;
- be suitable for publication or presentation at a national pharmacy meeting;
- be reasonably completed within the timeframe of the residency program.

Residents present the results of their projects at the ALCALDE Southwest Regional Residency Conference and the TTUHSC School of Pharmacy Annual Research Days. Residents are also encouraged to present posters of their work at state, national, or international professional meetings. In addition, residents are expected to publish the results of their project in a peer-reviewed journal.

**Additional Activities**

**Manuscript Preparation**

Residents are required to submit one manuscript per year for publication in a refereed journal.

**ALCALDE Southwestern Leadership Conference & SOP Research Days**

Residents participate in this regional residents meeting, also known as ALCALDE, in the spring and the SOP Research Days in the summer. Residents have the opportunity to present their project results for evaluation. It is also a great opportunity to interact with residents from other programs throughout the region.

**Service Requirement**

Residents are required to staff in the inpatient pharmacy at University Medical Center during their first year an equivalent of 8 hours per week and one (1) evening a month in the Lubbock Impact Clinic Pharmacy (outpatient indigent clinic pharmacy). During their PGY-2 year residents are required to function as the Pharmacist-in-Charge for 6 months at the Lubbock Impact Clinic Pharmacy.

**Resident and Pharmacotherapy Discussion Series**

Residents of all campuses participate in a monthly discussion series that includes practice, teaching, scholarship, and leadership topics.
The City of Lubbock

is home to Texas Tech University with over 45,000 students and Big XII action with Red Raider sports. Lubbock is located on the High Plains of Texas equidistant between Dallas and Albuquerque. The city is the major retail trade nucleus for more than 500,000 people across 26 counties. An excellent climate of sunshine and low humidity encourages year-round activity in more than 60 city parks as well as public and private golf courses. Canyons to the north offer nearby opportunities for outdoor recreation, and just across the western border, the New Mexico mountains set a backdrop for skiing. Lubbock serves as a cultural center for West Texas and Eastern New Mexico. A symphony orchestra, ballet, and a world-renowned archaeological dig are only a few of the activities on the Lubbock scene. The Lubbock area is also blessed with three award-winning facilities—the Llano Estacado, Pheasant Ridge, and CapRock wineries. Lubbock, with an affordable cost of living, has all the conveniences of a major metropolitan area, without many of the complications of larger cities. A variety of restaurants and coffeehouses provide popular places to study or relax, and nightclubs showcase local musicians.

Practice Settings

Texas Tech University Health Sciences Center is a 1.5 million square foot facility and is the main campus for the Schools of Medicine, Nursing, Health Professions and the Graduate School for Biomedical Sciences. The HSC campus has state of the art facilities including an Academic Classroom Building, the Preston Smith Library, Physician’s Medical Pavilion, and F. Marie Hall SimLife Center.

University Medical Center is a 501 bed county, tertiary care teaching hospital which provides over 35 million dollars annually in charity care to Lubbock and surrounding counties. It is home to the only burn unit and Level-I trauma center in the region. It also houses a 42-bed NICU, 24-bed PICU, 24-bed SICU, 33-bed MICU, and brand new Neuro-ICU. It is also home to the Children’s Miracle Network hospital for the city of Lubbock and the newly renovated Southwest Cancer and Research Center.

The Texas Tech Physician’s Medical Pavilion is a “state-of-the-art” clinic building which is on the Texas Tech University Health Sciences Center in Lubbock. There are several disease state management clinics run by pharmacists including anticoagulation, hypertension, and diabetes. The residents also spend time with infectious disease in the HIV clinic.

Carillon Senior LifeCare Community is a continuous care retirement community consisting of independent living garden homes and apartments, assisted living, and long term care. The Carillon House (LTCF) is a 150 bed facility with the Medical Director from TTUHSC Family Medicine supporting the Family Medicine Residency Program. There are also two dedicated dementia/memory units (20 beds each).
**Lubbock Pharmacotherapy Residency Program**

**Summary of Practice Experiences**

**Core Rotations**
- Adult Medicine (24 weeks) including Capstone
- Nutrition Support & SICU (6 weeks)
- Medical Intensive Care (6 weeks)
- Pediatrics (6 weeks)
- Geriatrics/Geropsych (6 weeks)
- Oncology (6 weeks)
- Pharmacy Practice Management
- Inpatient & Outpatient Pharmacy Staffing
- Ambulatory Medicine (2 years of longitudinal experiences)

**Potential Elective Rotations**
- Academia
- Cardiology
- Emergency Medicine
- Geriatrics
- Pediatric Camp
- Nephrology
- Gastroenterology
- Infectious Disease
- Research Project Development
- Surgical Intensive Care
- Burn Intensive Care
- Nutrition Support
- Long-Term Care Consulting

**Longitudinal Clinics**: Residents spend one evening per week in an indigent care clinic. Other longitudinal experiences include Interprofessional Collaborative practices with Nurse Practitioners, Patient Navigators, Physicians, Dieticians, Social Workers, and Psychotherapists.

---

**Program Director**

Charles F. Seifert, Pharm.D., FCCP

Dr. Seifert received his Bachelor of Science in Pharmacy from North Dakota State University in 1982 and his Doctor of Pharmacy from The University of Texas at Austin and The University of Texas Health Science Center at San Antonio in 1984. He completed an ASHP accredited Clinical Pharmacy Residency from Truman Medical Center and The University of Missouri at Kansas City in 1985. He is Professor of Pharmacy Practice, Senior Executive Associate Dean, and the Founding Regional Dean for Lubbock Programs with the Jerry H. Hodge School of Pharmacy at Texas Tech University Health Sciences Center. His clinical interests include adult internal medicine, gastroenterology, nutrition, clinical toxicology, anticoagulation, and cardiopulmonary therapeutics. Dr. Seifert has received numerous awards for his teaching, practice, service, and research; most recently he was honored as the 2019 TTUHSC President’s Excellence in Interprofessional Teamwork Award, 2016 SOP P3 Teacher of the Year by the Class of 2017, The 2016 TTUHSC Student Government Association Outstanding Pharmacy Didactic Teacher, the 2015 SOP P3 Teacher of the Year by the Class of 2016, the 2015 ACCP Adult Medicine PRN Paper of the Year, the 2015 TTUHSC President’s Excellence in Team Teaching Award, and the 2015 TTUHSC President’s Excellence in Interprofessional Teamwork Award.

---

**Pharmacist Preceptors**

Brian Irons—Primary Care
Richard Caudill—Practice Management
Craig Cox—Adult Medicine
Shalyn Cox—Critical-Care
Staci Moss—Community Pharmacy
Scott O’Banion—SICU/Metabolic Support
Janie Robles—Pediatrics
Charles Seifert—Adult Medicine
Rebecca Sleeper-Irons—Geriatrics, Geropsych
Ajoye Tijani—Oncology
Latisha Tomlinson—Emergency Medicine
Tanis Welch—Infectious Diseases
Zach Stephens, Pharm.D., BCPS 2020-2022

Dr. Stephens is a PGY2 Pharmacotherapy Specialty Resident at the Texas Tech University Health Sciences Center and University Medical Center in Lubbock, Texas. He is also appointed as an Assistant Clinical Instructor at the Jerry H. Hodge School of Pharmacy. Dr. Stephens grew up in Mansfield, OH and received his Doctor of Pharmacy from The Ohio State University in 2020. He is currently a member of the American Society of Health-System Pharmacists (ASHP). Professional interests include cardiology, neurology, and psychiatry. Personal interests include making and listening to music and playing video games when I get the chance. I also like to cook and learn new recipes. I try to travel as much as I can whenever I can and enjoy visiting new places.

Maryam Yassa, Pharm.D., BCPS 2020-2022

Dr. Yassa is a PGY2 Pharmacotherapy Specialty Resident at the Texas Tech University Health Sciences Center and University Medical Center in Lubbock, Texas. She is also appointed as an Assistant Clinical Instructor at the Jerry H. Hodge School of Pharmacy. Dr. Yassa grew up in Brockville, Ontario and received her Doctor of Pharmacy from Albany College of Pharmacy and Health Sciences in 2020. She is currently a member of ASHP & ACCP. Professional interests include cardiology, internal medicine, & ambulatory care. Personal interests include exploring new places with friends, calligraphy and reading!

Gabrielle Raleigh, Pharm.D. 2021-2023

Dr. Raleigh is a PGY1 Pharmacotherapy Specialty Resident at the Texas Tech University Health Sciences Center and University Medical Center in Lubbock, Texas. She is also appointed as an Assistant Clinical Instructor at the Jerry H. Hodge School of Pharmacy. Gabrielle was born in Lubbock, TX but raised in Marietta, GA. She attended Samford University for her undergraduate studies before receiving her Doctor of Pharmacy degree in 2021 at Wingate University in North Carolina. Professional interests include infectious diseases, internal medicine, & academia. Personal interests include discovering new places to eat, finding hiking trails, traveling, hanging out with friends and family, and trying different activities that get her out of her comfort zone like axe throwing, painting, zip-lining, wine tasting, and kayaking.

Soon Hye Yang, Pharm.D. 2021-2023

Dr. Yang is a PGY1 Pharmacotherapy Specialty Resident at the Texas Tech University Health Sciences Center and University Medical Center in Lubbock, Texas. She is also appointed as an Assistant Clinical Instructor at the Jerry H. Hodge School of Pharmacy. Dr. Yang was born and raised in Seoul, South Korea and attended Kwangwoon University in Seoul, South Korea for undergraduate studies, and received Master of Science in chemistry at The University of Florida. She received her Doctor of Pharmacy degree in 2021 from the TTUHSC Jerry H. Hodge School of Pharmacy in Lubbock. Professional interests include infectious diseases, cardiology, & clinical research. Personal interests include playing with her daughter, cooking Korean foods, binge watching K-drama on Netflix, hanging out with her friends, and traveling to new places.
Timothy A. Mazzolini, Pharm.D., BCPS, CDE, 2002 - 2004

Dr. Mazzolini is a Clinical Pharmacy Specialist for the Lubbock Veterans Affairs Medical Center Outpatient Clinic. Dr. Mazzolini is a Clinical Assistant Professor for TTUHSC School of Pharmacy, precepting 3rd and 4th year ambulatory care clerkships. He received his Doctor of Pharmacy from TTUHSC School of Pharmacy in 2002 and completed the Lubbock Pharmacotherapy Program in 2004. Dr. Mazzolini’s practice focus is in ambulatory care, including hypertension, diabetes, and lipids.

Michael J. Peeters, Pharm.D., Ph.D., FCCP, BCPS, 2003 - 2005

Dr. Peeters graduated from the University of Alberta (B.Sc.Pharm, 2000) and the University of Washington (PharmD, 2003). He completed the Lubbock Pharmacotherapy Residency Program in 2005. He is currently Clinical Associate Professor at The University of Toledo College of Pharmacy & Pharmaceutical Sciences in Toledo, Ohio. As a faculty member at the University of Toledo, he completed both an M.Ed., and Ph.D., in Educational Research and Measurement, and obtained a teaching certificate from the American College of Clinical Pharmacy. He was inducted as a Fellow of the American College of Clinical Pharmacy in 2014. Dr. Peeters is an educational psychometrician, educational research methodologist, and clinical pharmacist.

Danny McNatty, Pharm.D., MHA, BCPS, 2005 - 2007

Dr. McNatty completed his Pharm.D. at the State University of New York at Buffalo in 2005 and the Lubbock Pharmacotherapy Program in 2007. He received his Masters in Health Administration in 2012 from Ashford University. He is currently Director of Learning and Development, Strategic Payer Communications at The Janssen Pharmaceutical Companies of Johnson & Johnson in Phoenix, Arizona.

Eden Mae Camarines Rodriguez, Pharm.D., BCPS 2006 - 2008

Dr. Rodriguez is originally from Dallas, Texas and received her Pharm.D from the University of Houston College of Pharmacy in 2006 and completed the Lubbock Pharmacotherapy Program in 2008. She is currently Clinical Pharmacy Specialist in Pain/Palliative Care at the University of Texas Southwestern William P. Clements Hospital in Dallas, TX.
Tara R. Loan-Wiltrout, Pharm.D., BCPS 2007-2009
Dr. Wiltrout is originally from Cosgrove, Iowa and received her Doctor of Pharmacy degree from Drake University College of Pharmacy and Health Sciences in Des Moines, Iowa in May 2007. She completed the Lubbock Pharmacotherapy Program in 2009. Dr. Wiltrout is the Vice President of Business Development with Genoa Healthcare in Eagan Minnesota.

Michalea J. Daggett, Pharm.D., BCPS 2008-2010
Dr. Daggett is from Odessa, Texas and received her Bachelor of Science in Genetics from Texas A&M University in 2004 and her Doctor of Pharmacy degree from the University of Houston in 2008. She attended the Lubbock Pharmacotherapy Residency Program from 2008-2010. She is currently Pharmacy Clinical Manager at Midland Memorial Hospital in Midland, TX.

Anne E. Schweighardt, Pharm.D., BCPS 2009-2011
Dr. Schweighardt is originally from St. Maries, Idaho; she received her Doctor of Pharmacy degree from the University of Utah in Salt Lake City in 2009. She attended the Pharmacotherapy Residency program on the Lubbock campus from 2009-2011. She is currently an Associate Professor of Pharmacy Practice at St. John Fisher College Wegmans School of Pharmacy in Rochester, NY. She practices in Adult Internal Medicine at the University of Rochester Medical Center (URMC) - Strong Memorial Hospital.

Chelsea Coronado-Sanchez, Pharm.D., BCPS 2010-2012
Dr. Sanchez attended the University of the Incarnate Word and received her Bachelor of Science in Biology in 2006 and Doctor of Pharmacy degree in 2010. Following graduation, Dr. Sanchez completed a two-year specialty residency in Pharmacotherapy through Texas Tech University Health Sciences Center School of Pharmacy in Lubbock, Texas. Dr. Sanchez is a Board Certified Pharmacotherapy Specialist. Dr. Sanchez is currently a Clinical Pharmacist at Warm Springs Rehabilitation Hospital of Thousand Oaks in San Antonio, TX.
Adam T. Brown, Pharm.D., BCPS 2011-2013

Dr. Brown is currently a Medical Sciences Liaison with AstraZeneca in the Cardiovascular & Metabolic Diseases Group in Houston, TX. He received his Doctor of Pharmacy degree from Texas A&M Health Science Center Rangel College of Pharmacy in May 2011 and completed an ASHP-Accredited Pharmacotherapy residency at TTUHSC in Lubbock in 2013. His interests include Adult Medicine, Cardiology, and Academia. He is currently a member of ASHP and Kappa Psi Pharmaceutical Fraternity. During his free time, he enjoys playing golf, grilling, watching sports, and spending time with family and friends.

Minh T. Hong, Pharm.D., MBA-HA, BCPS 2012-2014

Dr. Hong is currently the Director of Pharmacy at Medical Center Hospital in Odessa, TX. His practice is in Adult Internal Medicine and Pain & Palliative Care. He completed the Pharmacotherapy Program on the Lubbock campus in 2014. Dr. Hong received his Doctor of Pharmacy degree from TTUHSC School of Pharmacy on the Abilene campus in May 2012. He received an M.B.A. degree in Healthcare Administration from Western Governor’s University in 2018.

Leslie C. Monye, Pharm.D., BCPS 2013-2015

Dr. Monye is currently a staff pharmacist at Houston Methodist The Woodlands in The Woodlands, TX. He is originally from Houston, TX and received a bachelor’s degree in Biology from the University of Houston. He then received his Doctor of Pharmacy degree from Howard University College of Pharmacy in May 2013. He completed the Pharmacotherapy Residency Program on the Lubbock campus in 2015.

Dr. Nwachukwu is currently a Pharmacy Manager with CVS in Greenbelt, MD. She holds a Pharm.D. from Howard University College of Pharmacy, and a Master of Public Health with a Biostatistics and Epidemiology concentration from Drexel University School of Public Health. She completed the Pharmacotherapy Residency in Lubbock in 2016. She is a member of ASHP, ACCP, Kappa Epsilon, and Phi Lambda Sigma. During her free time, she enjoys skiing/snowboarding, watching movies, and spending time with loved ones.

Nephy G. Samuel, Pharm.D., BCPS 2014-2016

Dr. Samuel is a Clinical Assistant Professor of Pharmacy Practice with the Texas A&M Rangel College of Pharmacy in College Station, TX. Dr. Samuel received her Pharm.D. from Texas A&M Rangel College of Pharmacy in 2014. She completed the Pharmacotherapy Residency Program in Lubbock in 2016. Dr. Samuel is currently a member of the American Society of Health System Pharmacists and Texas Pharmacy Association. During her free time, Dr. Samuel enjoys watching movies, reading, and spending time with her family and friends.
Kerry Anne Rambaran, Pharm.D., BCPS, BCCCP 2015-2017

Dr. Rambaran is currently an Emergency Medicine Clinical Specialist at Scripps Mercy Hospital in San Diego, CA. She is also an adjunct faculty member with the University of California at San Diego. She received her Bachelor of Pharmacy degree from the University of the West Indies at St. Augustine and her PharmD from Nova Southeastern University College of Pharmacy Ft. Lauderdale, FL in 2010 and 2014 respectively. Subsequently, she completed a Nephrology and Drug Information fellowship at Fresenius Medical Care in Charlotte, NC in 2015. Thereafter, she completed a combined PGY1 & PGY2 Pharmacotherapy residency at Texas Tech University Health Sciences Center in Lubbock Texas in 2017.

Herman J. Johannesmeyer, Pharm.D., BCPS 2015-2017

Dr. Johannesmeyer is an Assistant Professor of Pharmacy Practice at Marshall B. Ketchum University School of Pharmacy in Fullerton, CA. He received his Doctor of Pharmacy at the University of Arizona in 2015, and went on to complete a two-year pharmacotherapy residency at Texas Tech University Health Sciences Center in Lubbock, TX in 2017. His clinical interests are multi-faceted and include internal medicine, cardiology and oncology supportive care. Dr. Johannesmeyer’s research interests include the effects of antibiotic timing on clinical outcomes and implementation methods of preceptor developmental programming.

Benjamin A. Dagreadt, Pharm.D., MBA, BCPS 2016-2018

Dr. Dagreadt received his Pharm.D. and M.B.A. from Drake University in Des Moines, Iowa in 2016. He completed the Pharmacotherapy Residency on the Lubbock campus in 2018 where he was Chief Resident. He is currently a Clinical Pharmacy Specialist in Adult Internal Medicine at the University of Kansas Medical Center in Kansas City, KS. Ben is a member of the American College of Clinical Pharmacy (ACCP), American Society of Health-System Pharmacists (ASHP), and Kappa Psi Pharmaceutical Fraternity. During his free time, Ben enjoys cooking, weightlifting, golf, and Chicago Cubs baseball.

Justin Ray Pedigo, Pharm.D., BCPS 2016-2018

Dr. Pedigo received his Doctor of Pharmacy degree from TTUHSC School of Pharmacy on the Abilene campus in 2016. He completed the Pharmacotherapy Residency program on the Lubbock campus in 2018. He is currently a Clinical Assistant Professor of Pharmacotherapy and Regional Director at The University of Texas at Austin College of Pharmacy in San Antonio, TX. He loves spending time with his family and poodles, playing and talking about guitars, hiking, shooting guns, and listening to a wide variety of music.
Bethannie D. Dziuk, Pharm.D., MAA, BCPS 2017-2019
Dr. Dziuk is currently an Emergency Medicine Pharmacist at Northeast Methodist Hospital in San Antonio, TX. She received her Doctor of Pharmacy degree and Master of Arts degree in Administration & Organizational Development from the University of Incarnate Word in San Antonio, TX in 2017. She completed the Pharmacotherapy Residency Program on the Lubbock campus in 2019. Dr. Dziuk’s practice interests include cardiology, internal medicine, and emergency medicine. She is currently a member of ASHP, Kappa Psi Pharmaceutical Fraternity, and Rho Chi Honor Society. In her free time, she enjoys working out, spending time with family and friends, and trying new restaurants.

Taylor J. Horyna, Pharm.D., BCPS 2017-2019
Dr. Horyna is currently a Clinical Pharmacy Specialist at Susan B. Allen Memorial Hospital in El Dorado, KS. She received her Doctor of Pharmacy degree from Southwestern Oklahoma State University in Weatherford, Oklahoma in 2017. She completed the Pharmacotherapy Residency Program on the Lubbock campus in 2019. Her practice interests include internal medicine, family medicine, and academia. She is a member of ASHP, ACCP and AACP, and is an alumni brother of Phi Delta Chi fraternity. During her free time Taylor enjoys running, working out, relaxing by the pool, and cheering on the Oklahoma City Thunder.

Richelle Camp, Pharm.D., BCPS 2018-2020
Dr. Camp received her Doctor of Pharmacy from TTUHSC Jerry H. Hodge School of Pharmacy in Amarillo, Texas in 2018. She attended the Lubbock Pharmacotherapy Program at TTUHSC Jerry H. Hodge School of Pharmacy 2018-2020. Dr. Camp is currently a practicing clinical pharmacist at University Medical Center in Lubbock, TX. Her practice interests include critical care, internal medicine, and infectious diseases. She is a member of ASHP & ACCP. In her free time, Dr. Camp enjoys shopping, pilates, and escaping to the mountains to hike and snow ski.

Cyrus Koochekzadeh, Pharm.D., BCPS 2018-2020
Dr. Koochekzadeh graduated magna cum laude from Texas A&M Rangel College of Pharmacy with a Doctor of Pharmacy degree in 2018. He attended the Lubbock Pharmacotherapy program with the Jerry H. Hodge School of Pharmacy from 2018-2020. He is currently a Clinical Pharmacy Specialist at St. Joseph Medical Center in Houston, TX. He is a member of the ASHP, LASHP, Rho Chi Honor Society, PLS Leadership Society, and Kappa Psi Pharmaceutical Fraternity. His practice interests include internal medicine, oncology, critical care medicine, and academia. He enjoys playing frisbee, cooking, video gaming, and spending time with his family and their dogs, Kane and Nala.
Edward Bergman, Pharm.D., MBA, BCPS 2019-2021
Dr. Bergman is an Emergency Medicine Clinical Specialist at JPS Health Network in Fort Worth, TX. He grew up in Lubbock, TX. He received his Pharm.D. from TTUHSC Jerry H. Hodge School of Pharmacy in Dallas and his MBA from the Rawls College of Business at Texas Tech University in 2019. Dr. Bergman completed the Lubbock Pharmacotherapy Residency Program in 2021. His practice interests include academia, emergency medicine, critical care, internal medicine, and infectious diseases. In his free time, Dr. Bergman enjoys spending time with his wife and dog, hunting, fishing, golfing and going to sporting events.

Neely C. Hudson, Pharm.D., BCPS 2019-2021
Dr. Hudson is an Emergency Medicine Clinical Specialist at BSA Health System in Amarillo, TX. He grew up in Saginaw, TX. He received his Bachelor's of Science in Animal Science from Texas Tech University in 2015 and his Pharm.D. from TTUHSC Jerry H. Hodge School of Pharmacy in Amarillo in 2019. Dr. Hudson completed the Lubbock Pharmacotherapy Residency Program in 2021. His practice interests include critical care, infectious diseases, and academia. In his free time, he enjoys hiking, trivia nights, playing basketball, and spending time with his Goldendoodle, Pete.
