iRIS Access

The Integrated Medical Research Information System (iRIS) is an electronic web-based research software system through which all IRB applications, reviews, and approvals are submitted. It is also used for communication between investigators and the IRB.

In order to be granted access to iRIS, all users must have successfully completed the CITI and COIC training requirements.

LOGGING IN TO iRIS

If you HAVE an eRaider...

Log in to iRIS (https://ttuhsc.imedris.net/) using your eRaider User ID and Password. FYI: iRIS is synced with the TTUHSC eRaider system, so you will never need to reset your password within iRIS (only through the TTUHSC eRaider system).

If you DO NOT HAVE an eRaider...

Log in to iRIS (https://ttuhsc-local.imedris.net/) using the User ID you were given when your iRIS account was initially set up, and your personal password. NOTE: If you have forgotten User ID and/or your password, contact your IRB Education Coordinator.

iRIS ACCOUNT ACCESS

Requesting a new iRIS Account

If you have an eRaider... Log in to iRIS (https://ttuhsc.imedris.net/) then go to 'My Profile' (upper right corner) and select "Request New Account".

If you do not have an eRaider... Log in to iRIS (https://ttuhsc-local.imedris.net) then click on the “Request New Account” link underneath the login area.

FOR EVERYONE REQUESTING AN ACCOUNT, enter the information listed below:
- Name (first and last)
- Job title
- Primary contact number
- Email address
- Select the Department - this is based on the department ‘where you work’ (or are affiliated with as a student or Outside Collaborator), NOT based on where you will be doing the research.
- Request Purpose - this should be a detailed reason as to why you are requesting access to iRIS.

Problems Logging in to your iRIS Account

If you are having problems, chances are:
- You DO have an iRIS account, but it is expired or inactivate.
- You DO have an iRIS account, but cannot remember your iRIS User ID and/or password.
- You DO NOT have an iRIS account
- You submitted a request for an iRIS account, but it has not been processed yet
