

Hello, September!

RESEARCH

September 5, 2018

*Welcome to our Guest
Lecturer*

Dr. Ehsan Jabbarzadeh

*From Bench to Bedside
Fundamental of Bioentrepreneurship*

Friday September, 7, 2018
Odessa - 1C12
12:00pm – 1:30 pm

Host: Research Department, Office of faculty
Development

In the Frame-work of the grant-writing workshop
Associate Dean of Research Dr. Natalia Schlabritz-
Lutsevich

Ehsan Jabbarzadeh
PhD, MBA

Friday, September 7th

12:00-1:30 PM

TTUHSC Odessa | Room 1C12 (Techlink Available)

Ehsan Jabbarzadeh is an Associate Professor of Chemical and Biomedical Engineering and serves as the Director of Entrepreneurship at the College of Engineering and Computing at the University of South Carolina. In this presentation, he will discuss the process of bioentrepreneurship and technology commercialization. Emphasis will be placed on business canvassing and product-market-fit analysis, and Dr. Jabbarzadeh will review the uncertainties hindering the successful delivery of promising new therapies to patients.

Have a project that needs funding? This workshop is for you!

Grant Writing Workshop For Physicians

When: Saturday, September 8, 2018,

7:30 a.m. to 4:00 p.m.

Where: Odessa Country Club

Attend if you are: Faculty or
residents interested in
applying for grants

Contact:

Isabel Garza

or

Brance Davis

isabel.garza@ttuhsc.edu

brance.davis@ttuhsc.edu

432-703-5193

432-703-5258

Objectives:

- § Apply knowledge gained from past experiences in writing—and applying for—grants.
- § Identify the best processes for preparing and submitting a grant application.
- § Provide insight into the general application process as well as the specific process of applying as TTUHSC residents or faculty.

Course Director: Natalia Schlambritz-Lutsevich, MD, PhD Email: Natalia.Schlambritz-Lutsevich@ttuhsc.edu

Speakers

Natalia Schlambritz-Lutsevich, MD, PhD
Associate Regional Dean of
Research, Associate Professor,
TTUHSC - Odessa

Rebecca Babcock, PhD
William and Ordelle Watts Professor
of English, Chair of the Department
of English, Director of
Undergraduate Research, UTPB

Vani Selvan, MD
Assistant Professor,
TTUHSC-Odessa

Erik Wilkinson, MLS
Associate Library Director,
TTUHSC-Odessa

**Ehsan Jabbarzadeh,
PhD, MBA**
Associate Professor, Director of
Entrepreneurship,
U of South Carolina

Jannette Dufour, PhD
Professor, Associate Dean of
Research, TTUHSC-Lubbock

Sandra Garcia, EdD
Dean of Graduate Studies Assistant
Vice President of Research, UTPB

This activity has been approved for
AMA PRA Category 1 Credit(s)[™]

Congratulations!

Zakaria Hindi, MD

CANCER PREVENTION & RESEARCH INSTITUTE OF TEXAS

CPRIT has released their RFAs for the Academic Research Programs. Included in these RFAs are institutional application limits imposed by CPRIT. Below is a list of RFAs and the Notice of Intent Deadlines for each; these are also included on the OSP website for funding opportunities under the 'Limited Submission' tab.

[Collaborative Action Program to Reduce Liver Cancer Mortality in Texas: Collaborative Action Center Award](#)

TTUHSC is limited to *1 application*.

Notice of Intent is due to OSP by **September 20, 2018**.

[Core Facility Support Award](#)

TTUHSC combined with TTU is limited to *1 application*.

Notice of Intent is due to OSP by **September 12, 2018**.

[Early Translational Research Award](#)

TTUHSC is limited to *2 applications*.

Notice of Intent is due to OSP by **September 20, 2018**.

[High-Impact/High-Risk Research Award](#)

TTUHSC is limited to *5 applications*.

Notice of Intent is due to OSP by **September 20, 2018**.

The Notice of Intent should include the following documents, and be submitted to OSP by the deadlines listed above. Please email these to sponsoredprograms@ttuhsc.edu.

2-page summary of the research proposal (the summary of the research proposal should include a background/premise, a hypothesis or central question to be answered, methods/approach and significance sections)

1. NIH or CPRIT biographical sketch
2. A letter of support from the department chair to OSP

Please contact [Erin Woods](#) or [Breanna Vasquez](#) with any questions regarding these RFAs. Due to the internal review process, ***no late notices will be accepted***.

2018 Capital of Texas Undergraduate Research Conference

If you are an undergraduate student who has completed research or will complete research this summer, please consider attending the Capital of Texas Undergraduate Research Conference. More information can be found at <https://sites.google.com/view/cturc/cturc>. Deadline is September 14 and the conference will be on November 3.

RSA e-NEWS (Informational): Up to the minute news from the Research Society on Alcoholism

Senate Passes FY 2019 Labor-HHS Appropriations

On August 23, the Senate passed the FY 2019 Labor, Health and Human Services, and Education (Labor-HHS) Appropriations bill 85-7. The bill was combined with the FY 2019 Defense Appropriations bill in a “minibus.”

Recall that this bill contains funding for the National Institutes of Health (NIH). For FY 2019, NIH would be funded at \$39.1 billion, an increase of \$2 billion above the FY 2018 enacted level. This amount is also \$3.6 billion more than President Trump’s budget request. The National Institute on Alcohol Abuse and Alcoholism (NIAAA) receives \$525.9 million for FY 2019, approximately a \$16.3 million increase over FY 2018. The National Institute on Drug Abuse (NIDA) receives \$1.4 billion for FY 2019, a \$44 million increase above FY 2018. The Committee also directs NIAAA to work with NIDA to examine the linkages between alcohol and overdose deaths.

The Committee provides \$5.74 billion for the Substance Abuse and Mental Health Services Administration (SAMHSA). \$579 million above the FY 2018 appropriation. The Committee designates \$3.7 billion for substance use treatment programs, an increase of nearly \$550 million above FY 2018. Much of the recommendations offered in the Committee report for SAMHSA focus on the opioid crisis. The Committee includes \$200 million for substance abuse prevention.

Next, the bill will go to conference for the House and Senate to reconcile their differences. Recall the House Appropriations Committee provided a slightly lower amount for NIH, \$38.3 billion. The House bill is also more partisan than the Senate bill. Members will have approximately five weeks to reach agreement on a final bill before appropriations expire on

September 30. Both the House and Senate will need to vote on the conference agreement before it can be sent to the President.

Available Funding

Announcement
Funding Source for TTUHSC Researchers in all Schools

The LWB Institute has funded \$2.5 million in grants over the past eight years.

Purpose: The Laura W. Bush Institute for Women's Health grant program provides seed money to fund novel research unique to women's health that highlights critical issues for women or focuses on the sex and gender differences in etiology, symptomatology and treatment of medical conditions that lead to more personalized medical care.

Process: Researchers submitting grants from any Texas Tech University Health Sciences Center School will use the existing grant application process and deadline within their School. Each School will review their grant applications and direct those that are vetted and match the criteria for funding by the *Laura Bush Institute* to the *Laura Bush Institute's* Grant Coordinator for final review and funding.

Preferable funding considered for grants in women's health with a sex and gender emphasis.

Types of funding:

Seed grants up to \$25,000
Small grant funding \$ 5,000 - \$10,000

Cathy Lovett September visit dates

Clinical Research Institute Managing Director,
Cathy Lovett
will next be at the
Permian Basin campus on September 11th & 12th
Contact: Isabel Garza to set up an appointment:

The 26th World Congress on
**Controversies in Obstetrics,
Gynecology & Infertility (COGI)**
All About Women's Health

The only congress that
addresses in depth issues
related to all disciplines
of Gynecology,
Fetomaternal Medicine
and ART/IVF

November 23-25, 2018
London, UK

www.cogi-congress.org

Scientific Program

Special Plenary Sessions

- The best of RBM 2017-2018
- Epigenetics and the DORA concepts in ART
- Laser course: Smooth erbium laser for women's health (Attendance by pre-registration only. First come-first served)
- Fertility preservation for social motives
- Nobel Prize Laureate Robert G. Edwards annual lecture

Infertility/ART/IVF

- PCO/PCOS
- Use, abuse and underuse of procedures
- Fibroids and IVF: Can we reach a consensus?
- Implantation failure and what's next
- Control ovarian stimulation
- Endometriosis adenomyosis
- ET and luteal support
- Genetic testing of embryos
- IVF: Less is more?
- RTD on proven and unproven art procedures
- Special COGI workshop: The LWC symposium - Building the future family: How new technologies are redefining family planning
- Special COGI workshop
- Special COGI & ALPHA society workshop session: Are we making advances in the laboratory?
- Special COGI & ALPHA society workshop session: What makes a good embryo?
- Control ovarian stimulation
- Mosaicism
- Special workshop - History of IVF: Part 1
- Special workshop - History of IVF: Part 2

Gynecology

- HRT: Where we came from. Where are we going?
- HRT prescribing: Making the science applicable in the real world
- HRT and breast cancer
- Premature ovarian insufficiency (POI): Advances in diagnosis and management
- SLS: The society of laparoendoscopic surgeons - Updates on the state of the art of minimally invasive surgery to preserve fertility
- Generating an HPV diagnosis in a screening event
- HPV vaccines: Lights and shadows
- Premature ovarian failure
- Menopause and perimenopause

Fetomaternal Medicine

- Advanced maternal age in the eyes of reproductive endocrinology (re) and fetal maternal experts
- Progesterone and estrogens: What to know for ART; A PREIS School Academy session
- Special workshop on prevention and management of bleeding in pregnancy: Treatment
- Special workshop on prevention and management of bleeding in pregnancy: Prevention
- Miscarriage and ART
- Prenatal diagnosis after assisted reproduction
- Prevention of premature birth
- Prediction, prevention management of preeclampsia
- Hot controversies
- Gestational diabetes and obesity

Harris County Department of Education Webinars

Center for Grants Development
a division of Harris County Department of Education

Quest for Grants Training Series Fall 2018 Training Schedule

Online Seminars 1:30 - 3:00 p.m.
(Home, Office or School)

AUGUST

Team Approach to Proposal Writing! | 08/22/18 |

Covers 1) creating an effective proposal writing team; 2) steps taken towards the preparation and submission of grant proposals; 3) proven strategies used in the development of proposals; 4) tools and techniques to organize your grant proposal files; and 5) how to promote proposal writing team success.

SEPTEMBER

Diversify Your Funding Through Government Grants! | 09/26/18 |

Covers 1) characteristics of government grantors; 2) what prospective government grantors want to know; 3) factors to consider when applying to grantors; 4) characteristics of government grant application processes; and 5) government grantor research tools.

OCTOBER

The Collaborative Grant! | 10/24/18 |

Covers 1) benefits of grant collaborative; 2) challenges faced by organizations who want to form grant collaboratives; 3) proven approaches that address the challenges; 4) how to prepare a grant collaborative; and 5) resources and tools that assist with grant collaborative preparation.

NOVEMBER

The Grant Budget: It's Not Just About the Math! | 11/28/18 |

Covers 1) grant budget preparation and process; 2) required budget categories and allowable costs; 3) federal guidelines including allowable and disallowable costs; 4) required budget narrative; and 5) line-item budget with budget narrative/justification.

Cost: \$25 each in-county; \$45 each out-of-county. To register, visit <http://wms.hcde-texas.org/>. Search by session title.
