| <h3 style="text-align: center;">AAHRPP Institutional Research Integrity Accreditation</h3> <p>Accreditation benefits research organizations, participants, and the research enterprise as a whole. The accreditation process requires organizations to take a comprehensive look at their Human Research Protection Programs (HRPPs) - to identify and address any weaknesses and to build upon their strengths. The result is a more cohesive HRPP, with the systems in place not only to protect research participants but also to advance research more efficiently and effectively.</p> <ul style="list-style-type: none"> <li>■ A association for the</li> <li>■ A accreditation of</li> <li>■ H uman</li> <li>■ R esearch</li> <li>■ P rotection</li> <li>■ P rograms</li> </ul> <p>"To earn accreditation, organizations must provide tangible evidence--through policies, procedures, and practices--of their commitment to scientifically and ethically sound research and continuous improvement." (AAHRPP.org)</p> |  <p>In Preparation to the AAHRPP site visit for Institutional Research Integrity accreditation Beth Taraban Assistant VP TTUHSC Research Integrity Office, Karen Douglas—Lubbock/Odessa IRB Administrator, Kathy Thomas—Amarillo/Dallas/Abilene IRB Administrator and Toni Dennison (chair of the Quality Improvement Review Committee) visited Permian Basin Campus and met with Regional Associate Dean of Research Dr. Natalia Schlabritz-Lutsevich.</p> <p>Site visit is planned on June 11-12<sup>th</sup>. Two site visitors will be interviewing investigators, research staff, IRB staff, TTUHSC administrators, IRB Chairs and IRB members to ensure that our PROCESSES match our documentation.</p>   |

| <p>Good News: We now have an institutional fellowship subscription to BMJ Case Reports.</p> <p><b>BMJ Case Reports</b></p> | <p>We now have an institutional fellowship subscription to BMJ Case Reports. This means faculty, staff and students can publish with them <b>without paying additional fees</b> or signing up as an individual fellow.</p> <p>From Eric Wilkinson (Library Director):</p> <p><b>In order to publish with BMJ Case Reports, they'll need a fellowship code. Paul has already added it to our library resources passwords page.</b> People need to use their eraidr username and password to get there because we can't post it publicly. I created a short libguide for the time being just to give more info: <a href="https://tuhsc.libguides.com/bmjcasereports">https://tuhsc.libguides.com/bmjcasereports</a></p> <p>The Gold Rush entry for BMJ Case Reports links to this LibGuide. This LibGuide links to both the passwords page (for the fellowship code) and a PDF User Guide that BMJ provided.</p>   |

Hemachandra Reddy is bringing a special topic 'Stem Cells and Their Applications to Human Diseases' as a guest editor in BBA Molecular Basis of Disease. He is looking for potential contributors. Please let Dr. Reddy know, if you and your colleagues, young faculty/senior postdocs, in your department are interested to contribute to this special topic. It is a great opportunity to get a publication in BBA Molecular Basis of Disease (impact factor is 5.47).</li> </ul> </li> <li><b>The Department of Defense (DOD) Congressionally-Directed Medical Research Program (CDMRP)</b> has started to release pre-announcements for its fiscal year (FY) 2018 funding opportunities. The pre-announcements explain each research program, topics of interest, as well as award mechanisms. Investigators are encouraged to begin thinking about their proposals in advance of the full application instructions, which are expected in spring/summer 2018. Pre-announcements have been released for the following programs: <ul style="list-style-type: none"> <li>Amyotrophic Lateral Sclerosis Research Program</li> <li>Bone Marrow Failure Research Program</li> <li>Breast Cancer Research Program</li> <li>Multiple Sclerosis Research Program</li> <li>Ovarian Cancer Research Program</li> <li>Peer Reviewed Medical Research Program</li> <li>Gulf War Illness Research Program</li> <li>Lung Cancer Research Program</li> <li>Parkinson's Research Program</li> <li>Peer Reviewed Cancer Research Program</li> </ul> </li> </ul>   |

As a reminder, CDMRP utilizes a two-tier review process: scientific merit (peer-review) and programmatic review. As with other DOD funding opportunities, programmatic review often outweighs scientific review, as DOD is a mission-based agency. CDMRP recently launched a new feedback submission feature to its website. Investigators can use the tool to submit an abstract for feedback or ask questions. Further, stakeholders now have the option to provide input on programs and process recommendations, as well as submit reviewer nominations and other feedback. The form and submission instructions are available at: <a href="http://cdmrp.army.mil/contact">http://cdmrp.army.mil/contact</a>.</p> |
