2018 Research Forum	Abstract submission for the 2018 Permian Basin Research Forum is now open! Abstracts will be accepted until January 31, 2018. The 2018 Permian Basin Research Forum will be held on Thursday, April 19, 2018. Please send your abstracts to Melissa.waggoner@ttuhsc.edu.
Looking for a journal for your case report?	The Journal of Medical Case Reports recently published the article, "How to choose the best journal for your case report." It details information about various journals and strategies to use to find the best place for your case report. It also includes a comprehensive table of case report journals, whether they are open access, their publisher, the year it was launched, and if it is indexed on PubMed. https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5522590/
	In the spirit of entrepreneurship and innovation, Texas Tech University has partnered with Market Lubbock, Inc. to establish the Presidents' Innovation Award. This award is designed for the presidents of Texas Tech University and the Texas Tech University Health Science Center to select and recognize startups that exemplify innovation and commercialization. The objective of the Presidents' Innovation Award is to support Texas Tech students, faculty, staff innovators and entrepreneurs who need seed grants for equipment or space to support their startup at the Innovation Hub at Research Park.

Presidents' Innovation Award

Each institution will award the following in January 2018:

- 1- \$25,000 award
- 1- \$15,000 award
- 2- \$5,000 awards

There are 4 awards by each President for a total of 8 awards.

The deadline for applications is December 1, 2017.

For additional information on the application process, the award selection rubric, the Innovation Hub at Research Park, and other details, please visit the Presidents' Innovation Award [homepage](#). Please direct all other questions to Kimberly Gramm, Senior Director of the Innovation Hub at Research Park at kimberly.gramm@ttu.edu.

IRB Advisor (Vol. 17, No. 12) - December 2017

2

IRBs Must Prepare for Studies Involving Transgender Populations

There are some unique vulnerability issues

The transgender population has situational vulnerability that should be taken into account when IRBs review studies enrolling these individuals.

De-identifying Data in Qualitative Research Is Complex, Time-consuming

There are various ethical issues

One of the more complicated issues social, behavioral, and education research investigators and IRBs might consider involves how to de-identify data for use in qualitative studies.

FUNDING

American Cancer Society NEW: Extramural Research and Training Program Director

Jennifer Puryear
American Cancer Society
3513 10th St.
Lubbock, TX 79415
October 25, 2017

Dr. Natalia Schlubritz-Lutsevich,
TTUHSC – Permian Basin
701 W 5th St.
Odessa, TX 79763

Dear Dr. Schlubritz-Lutsevich,

I hope all is well with your research department. I have been able to do some of my own research on resources that will hopefully be beneficial for your group to more successfully obtain funding from the American Cancer Society.

First, I wanted to provide you the important dates as they pertain to funding applications:

- **Application Deadlines** – April 1st / October 15th
- **Peer Review** – June / January
- **Critiques to Applicants** – August 1st / March 1st
- **Council Meeting** – Mid-September / Mid-March
- **Grantee Notification** – End-September / End-March
- **Announcement "Newly Awarded Grantee and Pay-If Applicants"** – October 1st / April 1st
- **Grantee Certificates** – November 1st / May 1st
- **Grant Activation** – January 1st / July 1st

Second, the American Cancer Society's Health Systems Staff is now equipped with an Extramural Research and Training Department Program Director assigned to our division that can provide scientific expertise and relevance of potential funding.

Lastly, the evolution of our research program has gone from focusing on launching the careers of the most innovative young cancer research scientist to both boosting support for projects that fit the goals and objectives of the Society and accelerating the most promising cancer research projects. This will allow a longer qualifying time for many cancer researchers.

I have included in this packet a copy of the 2017 Cancer Facts & Figures that provides nationwide and state-specific estimates of new cancer cases and deaths for the current year. This annual report provides the most current information about cancer. The widely cited projections in the report serve as a basis for research. If you would like an electronic version to share with your colleagues, please let me know.

I will work in every way possible to help your team of cancer researchers in making the right connections with the American Cancer Society's extramural research staff to better your chances of receiving the funds needed to continue cancer research at your facility.

Best Wishes,

Jennifer Puryear

New service to authors

AIP Publishing is pleased to announce [AIP Author Services](#), a suite of resources aimed at helping authors prepare their manuscripts for submission.

Our premier offering, [Language Editing Services](#), gives authors the opportunity to have seasoned professionals review their work and ensure all grammar, word choice, punctuation, and overall structure is polished. By having a manuscript reviewed by an expert editor, authors increase the quality of their paper.

 Funding Available	The Research Office and Office of Institutional Advancement is pleased to announce the 2018 Request for Proposals Funding Cycle for The C&I Foundation and South Plains Foundation supporting Lubbock-based HSC faculty (The restricted is at the request of the funders). The C&I Foundation applications are due December 1, 2017 South Plains Foundation applications are due February 9, 2018 Please contact Marta Collier-Youngblood for information on how to apply and the 2018 Guidelines and Templates. If you have any questions please feel free to contact Marta Collier-Youngblood at Marta.Collier@msu.edu.
	18th World Congress of the International Society of Gynecological Endocrinology to be held in Florence from the 7th to the 10th March 2018 and inform you of its latest developments. The Scientific Program, available here, has been so far enriched with 10 new Key Lectures and 25 Symposia that are going to develop thanks to the support of some colleagues, not to mention 15 Scientific Societies willing to contribute to its success. Find more relevant information at the following link: http://isge2018.isgesociety.com/abstract-submission/
Fall STEM Scholarship https://www.labroots.com/scholarships/details/3	Eager to extend that to the next generation of innovators, LabRoots is offering a new Fall STEM Scholarship for students pursuing degrees in the STEM disciplines. Open to all US high school seniors, undergraduate or grad student, LabRoots will award \$2,000 to aid in funding their academic pursuits and the cost associated with those pursuits. Applications period is open until NOVEMBER 30.
GENERATION NANO  Questions? E-mail Gen Nano Team at gennano@nsf.gov Where: Learn more & enter at nsf.gov/gennano	Who: 6-12 graders -- individuals or teams of 2-3 What: Create a superhero using science, tell their story in a short comic OR video When: Enter Sept. 18, 2017-Jan. 8, 2018, 11:59 p.m. EST Where: Learn more & enter at nsf.gov/gennano Why: To promote early interest in science, technology, engineering and mathematics.
Information about identifying predatory journals	The blacklist is dead; long live the blacklist A new watch-list of "predatory" journals and untrustworthy publishers is set to launch later this month -- but only for those willing to pay. The service could fill a gap left by Beall's List, a popular blog run by academic Jeffrey Beall that listed potentially predatory journals, which was shut down suddenly five months ago. Nisarg 3 min read There is a list of Open Access/Predatory Publishers/Questionable Conferences is available from the CalTech Library at http://libguides.caltech.edu/c.php?g=512665&p=3503029
 Scholarship available	MLA Scholarship for Minority Students A scholarship of up to \$5,000 is awarded annually by the Medical Library Association (MLA) to a student who shows excellence in scholarship and potential for accomplishment in health sciences librarianship. The scholarship is announced at the annual meeting of the association, where the recipient will also receive a one-year MLA student membership and free inclusive student registration at the association's annual meeting. Eligibility - The applicant must be a member of a minority group, defined as Black or African-American, Hispanic or Latino, Asian, Aboriginal, North American Indian or Alaskan Native, or Native Hawaiian or other Pacific Islander. - The applicant must be entering a master's program at an American Library Association (ALA)-accredited graduate library school or, at the time of the granting of the scholarship (February), have completed no more than one-half of the academic requirements of the graduate program. - The applicant must be a citizen of or have permanent residence in either the United States or Canada. - Past recipients of the MLA Scholarship or the MLA Scholarship for Minority Students are not eligible to apply. - Membership in MLA is not required. Ready to Submit an Application? - Choose the 2018 Minority scholarship online application form. - Complete online form and upload all documents no later than December 1, 11:59 p.m. (CT). - Incomplete and late submissions will not be considered.
	Submit Your Abstract We need your latest research findings at EB 2018 to help shape the landscape in the fields of anatomy, biochemistry and molecular biology, pathology, pharmacology, and physiology. With abstract topic categories across these five disciplines, we have a place for every biomedical researcher at EB 2018. In return, we promise to leave you inspired to tackle new scientific discoveries by building a transdiscipline network through on-site collaboration with your colleagues, an attendee benefit that is truly unmatched by any other scientific meeting! Abstracts get 400,000 page views in the first year! HOW TO SUBMIT Abstract-submission deadline is December 7, 2017
 2018 Travel Awards	We are pleased to announce the Toxics 2018 Travel Award. This award will help towards travel costs for a postdoctoral fellow or non-fellow postdoctoral trainee to present his/her data, in poster or oral presentation format, at a scientific conference in 2018. The requirements for candidate participation and application materials are described at http://www.mdpi.com/journal/toxics/awards. We look forward to reviewing the exciting research projects ongoing in your laboratories. The prize will consist of 800 Swiss francs. We are currently accepting applications for this award. We encourage you to share this announcement with your postdoctoral fellows and non-fellow postdoctoral trainees, and urge them to submit their applications to toxics@mdpi.com by 30 November 2017. after submission; acceptance to publication is undertaken in 9 days. For more information, please refer to http://www.mdpi.com/journal/toxics.
2018 Permian Basin Research Forum Dates	Call for abstracts open: November 2017 Abstract Deadline: January 31, 2018

	Notification of presentation type for each presentation: February 15, 2018 TTUHSC at the Permian Basin Research Day: April 19, 2018
Online	Visit TTUHSC at the Permian Basin Research's webpage at: http://www.ttuhsc.edu/odessa/research/default.aspx And like us on Facebook, visit the page: https://www.facebook.com/Texas-Tech-University-Health-Science-Center-in-the-Permian-Basin-Research-1612649318999433/
	For questions or to submit an item for the research newsletter contact: Dr. Natalia Schlabritz-Lutsevich, Associate Regional Dean of Research at natalia.schlabritz-lutsevich@ttuhsc.edu or Melissa Waggoner, Senior Editor at melissa.waggoner@ttuhsc.edu.
